

## for head pain management

Heat and cool therapy for head pain doesn't need to be messy, cumbersome or inconvenient.

## Targeted **heating** & iceless **cooling** therapy

Safe, convenient and easy to operate, ThermaZone thermal therapy offers 20 selectable comfort levels ranging from 34°F to 125°F, and five preset timer modes for consistent temperatures and automatic shutoff.

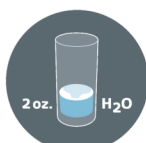

### **No need to constantly refreeze, reheat or reposition.**

No microwave or freezer needed. ThermaZone simply circulates two ounces of distilled water through a closed-loop system, delivering and maintaining precise temperatures for as long as needed.

ThermaZone's relief pads were designed specifically to treat head pain. Each pad targets a key pain point and remains securely in place for the duration of the therapy session.

No Ice Needed

2 oz. of Distilled Water

# 25,500+ patients are managing head pain with ThermaZone

Here is what they are telling us \*

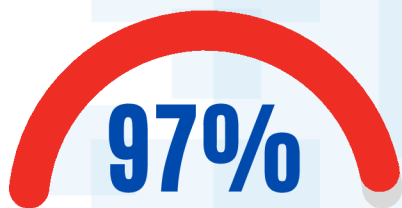

## RECOMMENDED

Would recommend ThermaZone to a friend

## EASY TO USE

Satisfaction with ease of use

## FIT & COMFORT

Satisfaction with fit and comfort of pads

## RELIEF PROVIDED

Satisfaction with headache relief provided

“

I get instant head pain relief with ThermaZone. I use it for my head pain from a TBI and other sore areas of my body. I use the head and back pads with my ThermaZone.

~ K. Ellison

”

“

In the past, I have resorted to prescription pain medications to manage my severe headaches and upper neck pain. With

ThermaZone, relief is almost immediate, and without the negative effects of medication. I am extremely satisfied with the device and thankful to the Veteran Affairs Medical Providers for their support in finding alternative methods for treatment.

~ M. Trevino

”

“

I got my ThermaZone machine from the VA in Amarillo, TX, and use it frequently. It is wonderful for relieving my headaches!

~ Ron Gray

# 50,000+ patients are managing head pain & corresponding comorbidities with ThermaZone

## Treats more than head pain

30% of survey respondents reported using ThermaZone to manage head pain caused by chronic orthopedic pain.

ThermaZone's head-to-foot selection of bilateral pain management pads enables patients to treat their orthopedic pain with heat or cool therapy before it triggers debilitating head pain.

## ThermaZone Features

- Drug-free
- Iceless
- Programmable
- Targeted
- Consistent temperature

ThermaZone® Motion Advantage™ pads are engineered to conform to specific anatomical pain points by combining soft, stretchable neoprene with flexible, welded microchannels. Leveraging thermoelectric technology, the ThermaZone device heats or cools a small amount of distilled water to the desired temperature and continuously circulates it through the microchannels, maintaining that temperature until the device is powered off.
