

# ThermaZone Range of Motion (ROM) Knee Brace with Built-In Cooling

Introducing the **ThermaZone ROM Knee Brace** with an embedded water pathway that provides controlled temperature of both heating and cooling therapy. When used in conjunction with the ThermaZone Thermal Therapy device (ILO, 890.5720), patients benefit from both thermal therapy at controlled temperature and limited range of motion.

The ROM Knee Brace provides stability and support utilizing two polycentric hinges.

## SPECIFICATIONS:

- Removable pins for angle adjustment:
  - Flexion Angles  
0°, 10°, 20°, 40°, 60°, 90°
  - Extension Angles  
0°, 10°, 20°, 40°, 60°, 90°, 150°
- Adjustable for various patient sizes (up to 26", 3" above the patella)

## PART #003-47

## FEATURES:

- **Insurance Reimbursable** under HCPCS code L1833
- Made with durable neoprene material to provide support & compression
- Open patella design
- Fits left or right knee
- Comfortable & Lightweight
- Knee Brace with two polycentric hinges with adjustable flexion and extension joints
- A third strap behind the knee helps to keep the brace in place, requiring little to no adjustments during use
- Designed for patients who can bear weight on the knee

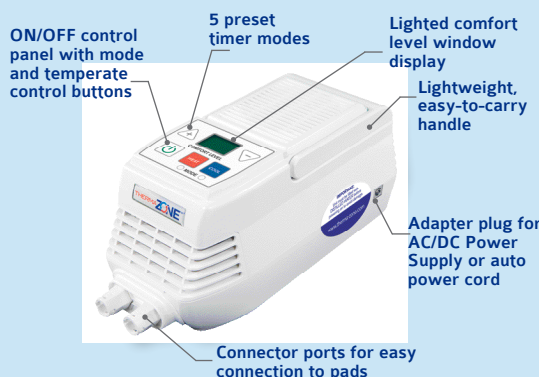

ThermaZone is a powerful and compact device that uses thermoelectric technology to provide heating and cooling therapy where and when you need it, without the use of ice.

ThermaZone satisfies a clear unmet clinical need - targeted, localized, non-opioid therapy with consistent temperature management.

Temperature-controlled water flowing through welded microchannels.

Our pads feature Motion Advantage™ technology, which leverages precise fluid movement to deliver uniform temperature distributions across the surface of the pad for maximum coverage.

Unit Size: 11" L x 4.5" W x 4.5" H  
Unit Weight: 3lbs. 7 oz.

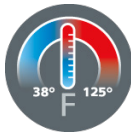

## Compelling Features

- Non-opioid therapy
- Heat or cool therapy in one device
- 3 minutes to set up, requires only 2 oz. of distilled water
- Rapid achievement of temperature - 20 different comfort levels
- 5 preset timer options:
  - 10, 20, 30 minutes
  - 30 minutes on and 30 minutes pause, or
  - 30 minutes on and 60 minutes pause

**The Ice Age is Over!**  
No more ice.

**Broad Temp Range**  
Heats and cools; from 34°-125°F.

**Consistent Temp**  
Maintains temperature as long as you need it.

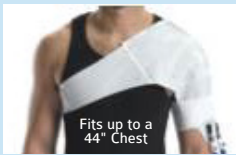

**Motion Advantage Pads**  
Targeted therapy. Designed by Surgeons.

**Smaller by Design**  
Lighter and smaller for easy portability.

## Single Patient Use Pads

**ThermaZone** Single Patient Use Pads have the water delivery system welded directly into the pad for the perfect fit. They are durable, yet disposable. Pad interior is coated with plastic which helps prevent fluid transfer.
