CONFIRMATION

The gift of the Spirit at Confirmation strengthens us for ongoing service in the Body of Christ, in the Church, and in the world.

Purpose is a transformative approach to confirmation. Multiple components combine impactful curriculum with a powerful digital tool to enhance the process. The Purpose curriculum is 24 sessions with a heavy focus on evangelizing young people and accompanying them as they become disciples.

The Purpose curriculum is more than just a resource. It is a whole new approach to sacramental preparation.

Confirmation is a one year program. Students in 9-12th grades can participate in preparation for the Sacrament.

A Teen Mass will be included in the class preparation each week.
