Hi, I am Janice Gough and I founded Gough Insurance & Financial Services in 1978 in San Mateo, CA. I moved my operations to the Coachella Valley a few years ago. I am trying to build strong relationships and partnerships in this area and looking for local networking groups, speaking engagements, and mutual referral partners. I help my clients manage their money and make smart financial decisions. It all begins with identifying their personal financial goals. I take stock of my clients' investments, savings and insurance while learning about the things they want to accomplish with those resources. I understand the goals of my clients and we work together to achieve them. I love working and seeing clients find better solutions to build and preserve wealth. "We offer unique products which are not offered thru other advisors because they are not securities. Our results prove that these products can outperform the overall market, without risk." For help planning your financial future, you can rely on me for exceptional experience, knowledge, and expertise focused on your unique needs.
