

Get info on compatible streaming devices

Learn which streaming devices, browsers, tablets, and TVs you can use to watch DIRECTV STREAM.

DETAILED INFO

How you can stream DIRECTV STREAM

You're in control. Ready to watch? Make sure you have:

- Compatible mobile devices, tablets, and browsers connected to a cellular network
- Compatible streaming devices (i.e. Apple TV, Roku, etc.), or TV ¹
- Wired or Wi-Fi[®] internet connection for TV streaming devices
- DIRECTV STREAM account
- DIRECTV app downloaded from your device's app store

Good to know: Watch at home, or stream anywhere in the U.S. on your mobile device (excludes Puerto Rico and U.S. Virgin Islands). Keep in mind, streaming on certain 3rd party devices ¹ may be limited to your home Wi-Fi network. But you can still stream on the go with a smartphone, tablet, or computer. You can change your home Wi-Fi network 4 times within a 12-month period.
