*No Matter What: A Story
of a Child Prodigy*
by Ruth Topacio Reyes

*"To make the most of what God
has given you should be
everyone's goal because, as Ruth
writes, 'a talent is a gift that must
be shared for the greater good.'
Read this inspirational book and
discover how a person can be
extremely gifted without becoming
the stereotypical eccentric artist."*

Heart for the Arts is a multi-talented group of singers and artists who aspire to use their talents and gifts to inspire others to love Christ through the arts. We are committed to pursuing excellence and honoring God with our talents while remaining a family oriented organization dedicated to community and having fun!

Heart for the Arts Choir is the foundational group of what we hope will become one of many different performing opportunities. We are a welcoming group of singers who love people and have a passion for our faith!

Heart for the Arts Studio Arts is our newest addition, giving visual artists a place to come together to worship through their creative projects and share their faith with the community through the art they make.
