Carnival believes fun is a choice. Fun isn't a nice to have. It's a necessity. Fun breaks down barriers, opens up possibilities. That means racing down a giant water slide. Or lip syncing your heart out. Or simply taking a moment to let out a deep "ahhhhh" over a perfect ocean view. When you opt for fun it comes *gratis* with joy and elation and self discovery and if you're real lucky, memories for a couple of lifetimes.
