

YUAN 2025

For Councillor-At-Large

yuanforquincy.com

The city is now over **\$1.6 billion** in debt and still spending lavishly on vanity projects — like over **\$1 million** for two controversial religious statues at the new Public Safety Building without informing the public. That building alone is costing **\$175 million**, and the animal shelter? **\$28 million**. There are constant significant cost overruns on city projects. While big developers keep getting tax breaks, residents' property taxes increase every year.

Last year, city councillors approved a **79%** raise for the mayor and **50%** for themselves, despite strong public opposition. The mayor's raise would make him higher paid than the mayors of New York, Chicago, and Boston. Only after the State Ethics Commission intervened did they agree to defer—but not rescind—the raises.

Vote for Ziqiang Yuan for Councillor-At-Large!

Where is fiscal oversight and transparency of the government?
Where are the checks and balances from the city council?
It's time to bring real change to the Quincy government.

I am **Ziqiang Yuan** - many of you know me as "**Susan**," one of the lead organizers who stood up against the unjust pay raises. Now I am running for city Councillor-At-Large to keep fighting for a city that works for everyone. If elected, I will work with my colleagues to push for:

- ✓ Term Limits
- ✓ Fair Pay Raises
- ✓ Fiscal Discipline
- ✓ Transparency and Accountability
- ✓ A Safe, Fair, Community-Driven Quincy for All
