

SAVE ON UTILITY BILLS. OUR ELECTRIC BILL WAS A MUCH HIGHER THAN ALL OF MY NEIGHBORS, SO I CALLED COMED AT 855-433-2700, IT TOOK ABOUT 2 WEEKS TO SET UP AN APPT BUT IT WAS REALLY WORTH IT. IT IS FREE!!! HERE IS WHAT I RECEIVED. THEY CHANGED EVERY BULB, CHANGED MY 2 SHOWER HEADS, CHANGED ALL MY FAUCET AERATORS PROGRAMMED OUR THERMOSTAT FOR US.

THE BEST SUGGESTION WAS WHEN YOU MOVE - TAKE ALL OF THESE EXPENSIVE BULBS WITH YOU.

IT SEEMS MY HIGH ELECTRIC BILL WAS CAUSED BECAUSE I SWITCHED TO A 3RD PARTY SUPPLIER A FEW YEARS AGO WHEN THEIR COST WAS UNDER 6 CDNTS PER KWh. WE PAY OUR BILLS ON LINE, NEVER SEE THE ACTUAL BILL **(THAT'S THE PROBLEM)** THE RATE OVER YEARS HAS DOUBLED TO 13.9 CENTS PER KWh.

CHECK YOUR BILL CAREFULLY IF YOU USE A 3RD PARTY. COMED CURRENT CHARGE IS 7 CENTS PER KWh.

HOME ENERGY ASSESSMENT – Com-Ed customers have opportunities to reduce energy usage with a FREE energy assessment that includes free and discounted products for your home. We now offer in-home and virtual home energy assessments. Com-Ed has partnered with your natural gas utility to bring electric and natural gas savings to you. Here's what to expect with our assessment options:

In-person inspection of your home for energy-saving opportunities

- Personalized assessment report
- Installation of free energy-saving products
- Customers can reduce energy use with the following FREE products:

- ENERGY STAR® certified LEDs - Com-Ed will replace the incandescent and halogen light bulbs throughout your home with ENERGY STAR® certified LED bulbs. Certain restrictions apply.
