

Green River Volunteer Fire & Rescue Department, Inc.

1524 Old US 25 Hwy South

Zirconia, NC 28790

Prospective Employee,

Let me start by saying thank you for showing an interest in joining our team at Green River Volunteer Fire & Rescue Department, Inc. Our department is primarily operated from public tax funds and donations from our citizens. The Board of Directors and I must make sure we are good stewards of those funds and must strive to protect our department. That's why you have been given this application package. We need you to fill out all of the information contained within this packet as it pertains to you, COMPLETELY. Any incorrect OMISSION of information on any document will disallow you from further consideration as a team member.

We need employees that are capable of listening, obeying direct orders at all times and following directives given around the station. Please take the time to complete all forms and documents contained within the packet. If the package is not filled out in its entirety, it will not be taken for acceptance and processing.

Once the package is completed, please return it to the Fire Chief or a Department Officer. You **must** use **black ink** when filling in information within the package and all written responses must be legible.

Thank you again for taking the time to complete the application package. Working as a firefighter is a very rewarding and worthwhile contribution to our community.

Sincerely,

Dustin Nicholson

Fire Chief

Green River Volunteer Fire & Rescue Department, Inc.
