# Thank You

My family and I would like to express our sincerest gratitude for all the love and support we have received these last few months. As many of you know, I was diagnosed with throat cancer in June and underwent radiation treatment which consisted of six treatments a week for six weeks at Moffitt Cancer Center in Tampa. The effectiveness of the treatment will not be known until late December or early January but I am staying very optimistic.

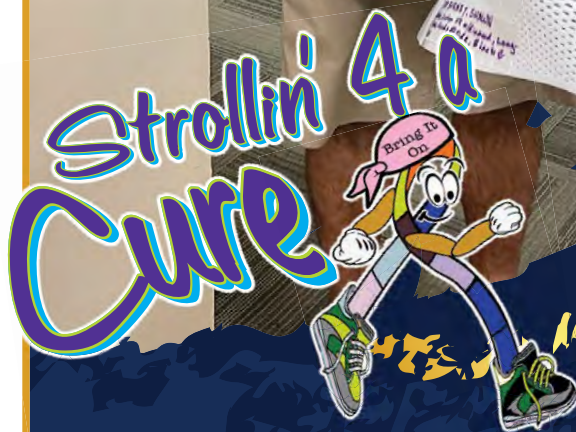

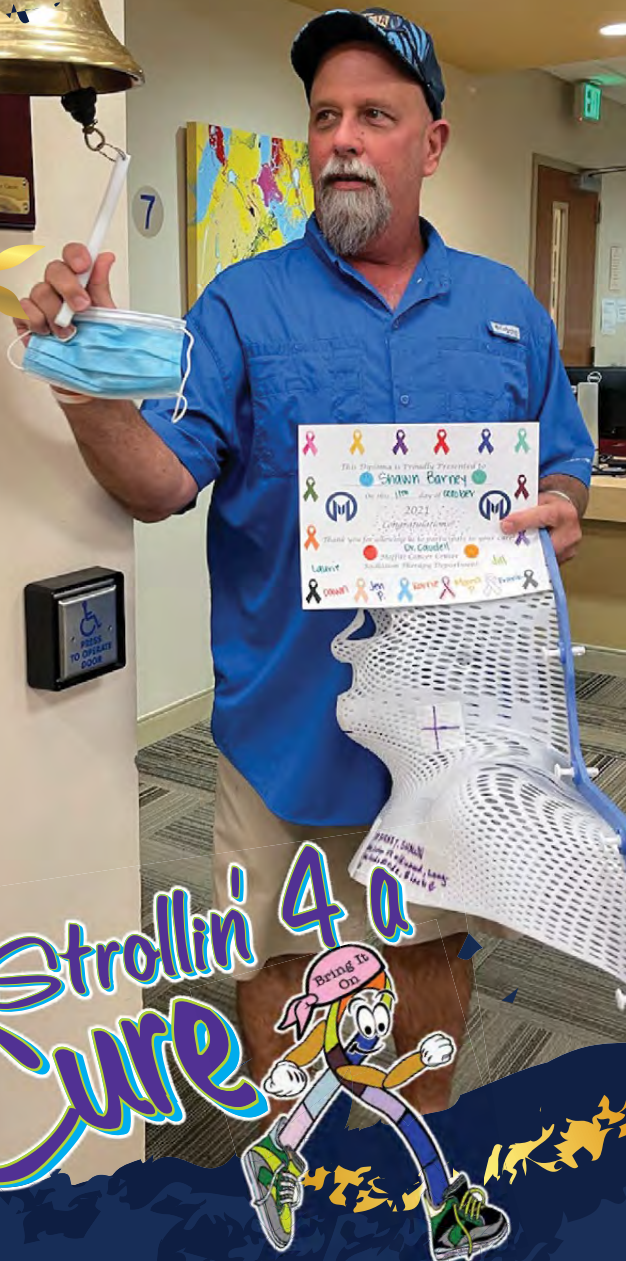

I am very humbled to have been included on so many prayer lists and truly believe this is what has given my family and I the courage, strength and ability to cope with our cancer journey with a little more ease.

We would like to give a special thanks to Tammy Ganfield and Stacy Hall for setting up a go fund me account on my behalf. This and all the private donations we have received will go a long way in relieving some of the financial burden that has accompanied the cancer diagnosis. Another special thanks to Summer Lempenau for organizing a meal train to assist our family through this tough time. These meals and other meals provided outside of the meal train have been and continue to be such a blessing and are taking a tremendous load off of our family.

We are beyond grateful for the tremendous generosity our friends and community have shown us during this difficult time and words cannot express how truly appreciative we are for all the prayers, meals and donations we have been blessed with.

Thank you all so much,

*Shawn & Sabrina Barney and family*

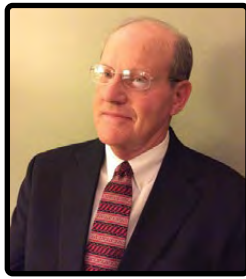

**P.S.** If possible, please join us at Brookside Bluffs Resort on **November 6, 2021** to support Strollin' 4 A Cure's annual Cancer Walk, the organization's primary fundraiser assisting DeSoto and Hardee county residents with transportation, fuel, and many other aspects involved with fighting this disease.

Morris had just been hired as the new CEO of a large high tech corporation. The CEO who was stepping down met with him privately and presented him with three envelopes number 1, 2 and 3. "Open these if you run up against a problem you don't think you can solve," the departing CEO said.

Things went along pretty smoothly, but six months later, sales took a downturn and Morris was really catching a lot of heat. About at his wit's end, he remembered the envelopes. He went to his drawer and took out the first envelope. The message read, "Blame your predecessor." Morris called a press conference and tactfully laid the blame at the feet of the previous CEO. Satisfied with his comments, the press, and Wall Street, responded positively, sales began to pick up and the problem was soon behind him.

About a year later, the company was again experiencing a slight dip in sales, combined with serious product problems. Having learned from his previous experience, the CEO quickly opened the second envelope. The message read, "Reorganize." This he did, and the company quickly rebounded.

After several consecutive profitable quarters, the company once again fell on difficult times. Morris went to his office, closed the door and opened the third envelope. The message said, "Prepare three envelopes."

## Fun By The Numbers

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

Level: Advanced

### Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

### Owner Financing Explained

Owner financing occurs when the owner of a property for sale provides financing directly to the buyer, bypassing a traditional lender or bank. The buyer and seller agree on a down payment, interest rate and term for the mortgage. Typically the purchase price and rate are higher than a traditionally financed loan, but buyer closing costs are generally less. The stringent credit requirements are usually less strict and closing time is generally much quicker.

# Strollin' 4 a Cure

## NOVEMBER 6, 2021

### Brookside Bluffs Resort

(Just past the Bluffs Golf Course on Hwy 17 N.)

Look for the BIG Wall)

### WALK BEGINS AT 9:00AM

Door Prizes • Lunch • T-Shirt • Music

Strollin for a Cure is a walk where participants stroll along the perimeter and thru the streets of a local community, Brookside Bluff in Zolfo Springs. To participate, individuals are asked to make a donation to Strollin 4 a Cure. Monies raised remain in DeSoto and Hardee counties to help provide cancer screening and assistance to the under insured and working poor. The program would not be a success without the support of the community and local businesses.

*It's been a crazy year & we're looking forward to seeing everyone for a fun afternoon supporting Strollin 4 A Cure.*

Please come! Masks would be appreciated.

# OBITUARIES

## **Sarah Katherine Hartsock Ames**

Sarah Katherine Hartsock Ames, beloved mother, and grandmother died Tuesday, October 5, 2021, at the age of 101. She was born in Clinton County, Ohio, and was one of six children. She graduated from Kingman High School and attended Wilmington College in Wilmington, Ohio.

She moved with her husband Ralph Ames to Florida in 1954 and to Arcadia in 1957, where they built a simple life around family and faith. She was an active member of Trinity United Methodist Church and many community organizations in Desoto County.

She and Ralph loved to spend their summers in Murphy, North Carolina,

where they attended Peachtree Methodist Church. Her life was marked by gratitude and generosity. No matter what she faced in her 101 years, she showed remarkable resilience and grace. She brought beauty to everything she did. She taught her family to appreciate God's creation on "Grandma's Mountain," and they share her love of the mountains, nature, wildflowers, birds, and hiking. Sarah wrapped her family in love with her hand-stitched, beautiful quilts and was famous for her chocolate chip cookies. She is well remembered for her contagious smile.

Sarah was deeply loved by her family and is survived by her three children Edwin Ames (Brenda), Richard Ames (Babs), and Karen Ames Johnson (Dick), six grandchildren, twelve great-grandchildren, five great-great-grandchildren, and her sister, Helen Hartsock Ellison. She was preceded in death by her husband of 69 years, Ralph Glenn Ames, her parents, three brothers, and one sister.

**A memorial service to celebrate Sarah's life will be held at Trinity United Methodist Church, Arcadia, Florida, on Saturday, November 27, 2021, at 11:00 am, fittingly the weekend of thanksgiving.**

**Our Father,  
who art in heaven,  
Hallowed be thy Name.  
Thy Kingdom come.  
Thy will be done in earth,  
As it is in heaven.  
Give us this day,our  
daily bread.  
And forgive us  
our trespasses,  
As we forgive them that  
trespass against us.  
And lead us not  
into temptation,  
But deliver us from evil.  
For thine is the kingdom,  
The power, and the glory,  
For ever and ever.  
Amen.**

## SAUSAGES AND PEPPERS COUNTRY STYLE

4	tablespoons olive oil	4	tablespoons chopped fresh Italian parsley
8	spicy or sweet Italian sausages (1 1/2 to 2 pounds total)	2	teaspoons chopped fresh rosemary
1	red bell pepper, thinly sliced	1/2	cup white wine
1	yellow bell pepper, thinly sliced	1	14 1/2-ounce can Italian-style stewed tomatoes, drained and chopped; juice reserved
1	medium onion, sliced	1/2	teaspoon salt
6	cloves garlic, thickly sliced	1/2	teaspoon freshly ground black pepper
1/4	teaspoon red pepper flakes		

1. In a large saute pan, heat 2 tablespoons of the olive oil over medium-high heat. When the oil is hot, brown the sausages on all sides. Remove the sausages to a big plate, slice each into thirds for easier serving, and cover to keep warm. In the same pan, in the oil left from the sausages, fry the bell peppers over high heat until just brown, about 3 to 4 minutes. Transfer to the plate with the sausages. Add the remaining 2 tablespoons olive oil to the pan, reduce heat to medium. When the oil is hot, add the onion, garlic, red pepper flakes, 2 tablespoons of the parsley, and rosemary until the onion is tender, about 6 to 8 minutes. Add the wine, stirring gently to dislodge any browned bits from the bottom of the pan. Continue cooking to reduce liquid by half, for about 3 to 4 minutes.
2. Add tomatoes, salt and pepper, and cook until nearly dry, about 7 to 8 minutes. Return the sausages and peppers to the pan, and add the reserved tomato juice, stirring to incorporate. Bring to a boil, then simmer, stirring often, until the sausages are cooked through and the sauce has thickened, about 15 minutes.

# CHAPTER 24

When Alley asked me if I wanted to see the entrance, I said yes, of course. I got to my feet quick and turned to go back the way we had come. Alley asks me where I was going? What do you mean, I asked? Come this way she said and got up and started up stream along the creek. So, I got right in behind her and started asking more questions. Why not? She seemed like she was ready to tell the story of her and Larry's families coming here. Now tell me how much of these caves have you been in Alley? She smiled back at me and said, only some of them. There is way too many to explore. It's like a honeycomb in there, caves everywhere. Dad says some of them even go back to town, and some go to other important places. What kind of other places? I asked. Well, she said, like the big factory over on that hill. The one your mom works at. You know the one. The one that has those big stacks sticking up real high with

all that smoke. And like the mines that they are hauling coal out of all the time. You know, places like that. At least that's what dad said. I am sure he knows. But I haven't explored all of them yet. But I will. Just give me a little more time and I will look at all of them. That's what I want, how about you? Sure, I answered. But who made all these caves? I don't know she said. They were here when we got here. I asked my dad one time, and he wouldn't give me a straight answer. I figured they must have found them when they were here before on an assignment. I'm not sure, but I think it had something to do with their work. Now I don't know who they work for. We continued to walk as we talked, but soon I began to wonder if we were going to get somewhere or not. We walked right past the big culverts where the pole was that everybody hung around. Right on up the creek we went. After we had passed the culverts and everybody's house, we started to climb out of the creek. Just as we were about to get out of the creek bed,

Alley stops and pulls on this big dead limb. It was a strange looking limb. It had a kind of red look to it. Just looking around you couldn't tell that, but when she pulled on it, it got even redder. She couldn't pull it open. It was way too hard. She asked me to help her pull on the limb, but even with both of us pulling, that thing was not going to open. I don't think we even budged it. How big was the door anyway? I asked. Real big, she answered. Real big. I have never tried to open it before. Dad even has a hard time opening it, I don't know why I thought we could. But anyway, she says, that is the entrance. I guess now you know why I was so happy to see the wells open. That is the easiest way to get in. You knew the wells would open into the caves? I asked. Sure, she said. I swam to those wells a bunch of times, but dad didn't want me to tell anyone. They were the ones that covered it up the first-time you guys found it. They thought that you and the others would leave it alone once it was covered back up. Boy were they wrong...
