## Fun By The Numbers

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

Level: Beginner

### Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

## Fun By The Numbers

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

Level: Beginner

### Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

**Our Father,  
who art in heaven,  
Hallowed be thy Name.  
Thy Kingdom come.  
Thy will be done in earth,  
As it is in heaven.  
Give us this day,our  
daily bread.  
And forgive us  
our trespasses,  
As we forgive them that  
trespass against us.  
And lead us not  
into temptation,  
But deliver us from evil.  
For thine is the kingdom,  
The power, and the glory,  
For ever and ever.  
Amen.**

# CHAPTER 1

To this day I couldn't tell you if that was an Angel, a Demon or an Alien? But, let me tell you what happened, and you decide. A long time ago in another place, there was this old man. Ok, that was made up but, a few years ago, I met an old man at a gas station that I thought I knew from somewhere. We were both getting a cup of coffee. I always drink mine black, but I had to wait for him to dress his up. After exchanging a few words with him, I asked him if we had ever met before? He thought for a minute and said no, not that I know of. Looking right in his face again, I begin to be sure we had met. He was an older man. His long stringy hair was gray, and his shaky hands were covered with old age spots. The clothes that he wore were worn and you could tell that he was down on his luck. He of course, went on with his coffee dressings and I continued to stare. After a minute of my persistence, he looked

straight at me and smiled. Something about that smile gave me pause and I smiled back. We walked up to the register at the same time, and I let him go first. The teller gave him an amount to pay, and he had the money for the coffee, he just had to dig for it for a minute in his pocket. As I was paying for mine, I noticed that he was walking back in the store toward the bathrooms. I knew I had bothered him enough, so I went on out to my car. I started it up and started to go when it hit me to wait. Wait for what, I don't know, but wait. The front of the store was right in front of me so I could see if he came out. Something was telling me to wait. But still, wait for what? The coffee smelled good anyway, so I sat there and sipped on it. The place was busy, and a lot of people were going in and out of the door. Most of them were getting gas. Off to the side was where you could park if you weren't getting gas. As I am looking around, an old 50's something gray Pontiac pulled into one of the spots. The car was spotless. It looked

like it had just been washed and polished. The chrome was so shiny you could barely keep your eyes off it. It had white wall tires and small chrome hub caps. What a beautiful car, I thought. Now, I need to see who gets out of that beauty but, whoever they are they are just sitting there. I could just barely make out the long skinny fingers on the steering wheel. It looked like the fingernails were a bright red and the left hand had a ring on it the size of a baseball. For the longest time no one gets out. Then slowly the back door opens on the other side. I did not expect that. I thought there was only the driver. The door opens, but no one gets out. My eye catches someone coming out of the store headed toward the car. It's the old man I had met getting coffee. Ok, I am getting a little excited now. Sure enough, he walks in front of the car, gives a big smile to the driver, and gets in the open door. The door slowly closes, and the car backs up and slowly takes off. It takes a second for this to compute. What do I do now? It takes a second, but then I think. Oh no, I am way to curious to let this go, so I pull out and start to follow them. What else could I do?
