Fun By The Numbers

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

A businessman was interviewing job applications for the position of manager of a large division. He quickly devised a test for choosing the most suitable candidate. He simply asked each applicant this question, "What is two plus two?" The first interviewee was a journalist. His answer was, "Twenty-two". The second was a social worker. She said, "I don't know the answer but I'm very glad that we had the opportunity to discuss it." The third applicant was an engineer. He pulled out a slide rule and came up with an answer "somewhere between 3.999 and 4.001." Next came an attorney. He stated that "in the case of Jenkins vs. the Department of the Treasury, two plus two was proven to be four." Finally, the businessman interviewed an accountant. When he asked him what two plus two was, the accountant got up from his chair, went over to the door, closed it, came back and sat down. Leaning across the desk, he said in a low voice, "How much do you want it to be?" He got the job.

GUESS WHO ?

I am an actress born in Minnesota on October 29, 1971. I had a breakout role in a Tim Burton film about a pesky ghost, and then had a string of hits through the 90s. I was out of the spotlight for awhile, and have since turned up on a popular Netflix series. I will soon reprise a popular role in another ghost movie installment.

Fun By The Numbers

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

Level: Intermediate

Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

OBITUARIES

Lena Patricia “Pat” Wagner

Our beloved mother, Lena Patricia “Pat” Wagner died on December 17, 2024. She was 99. Pat was the heart of our home and family. She raised 3

children in a happy and loving home to be independent and thoughtful adults. Steven Foglia, Brad Foglia (Marcia), Elayne McCoy (Chuck). She was married to George Wagner who preceded her in death in 2023. Pat had 7 grandchildren and 19 great-grandchildren. She will be truly missed yet she will live in our hearts and memories always.

A celebration of life service will be held at Cross Creek RV Park clubhouse on January 15, 2025 at 11am.

**Our Father,
who art in heaven,
Hallowed be thy Name.
Thy Kingdom come.
Thy will be done in earth,
As it is in heaven.
Give us this day,our
daily bread.
And forgive us
our trespasses,
As we forgive them that
trespass against us.
And lead us not
into temptation,
But deliver us from evil.
For thine is the kingdom,
The power, and the glory,
For ever and ever.
Amen.**

WHAT WILL THE NEW YEAR BRING TO OUR WORLD?

Well folks another year has come and gone with some good and some bad days. I'm sure we all wonder what kind of year 2025 is going to bring. I'm sure we all are reminded that we are one year closer to the return of Jesus Christ. That event is far more important that most people realize. To those who believe in the resurrection of the dead may on what his return means to them personally. The Bible reveals that Jesus' return has huge problems for those who are not yet his. The world will not be destroyed. His return ensures that life will survive on earth. This is explained by Jesus in his Olivet Prophecy; Matthew 24:21-22. Christ will bring in a 1000 years of peace and prosperity to all races and nationalities no matter where they are found. Satan will be removed and the veil cast over all nations will be lifted; Isaiah 25:7. Nations will not bear military arms against other nations. How different that world will be. However we are not yet there.

We can be certain of this one thing, God is in charge. Folks our world is in fa very rough ride over the next few years. There will be temporary times of peace and prosperity, but regarding the time of Christ's intervention, Apostle Paul has warned us, For when they say peace and safety, then sudden destruction will come. Never before has there been a more dangerous time in man's history. Some of us may very well live long enough to not go through death. Folks for those who belong to Christ at his return will be changed in an instant from beings made of flesh into powerful spiritual beings. They will never again experience pain and suffering, 1 Corinthians 15:51-52, Revelations 21:4. Folks let's all pray to God for a peaceful new year and for nations to get along together without hating and killing each other. This can happen if we all work together. Folks, one thing is lacking in our world and that is love.

CHAPTER 2

Mom and dad worked all the time, so they would expect Junior to watch out for us. They thought that having him with us was better than nobody. In a way, I guess they were right. But Junior? I never thought he had all of his marbles. Never. He had one leg that was longer than the other so he walked with a real bad limp. One time I saw him drinking water from a hub cap. It was rain water or at least I think it was. Another strange thing that he would do is to eat different kinds of berries out of the woods. He would always try to get us to eat them, but there was no way we would even try any. Most of the time Junior would drag around. I mean if we walked anywhere, he would always drag behind. Wherever we went, we would be walking and he would be about 25 to 30 feet behind us. One day I asked him why he followed so far back. He said that way he could protect us if something happened. That kind of made sense so we just got used to it. But when Junior was in the woods, he would come alive. Running back and forth saying look at this or look at that. It was kind of funny. Slow walking Junior running and jumping and getting so excited over a berry or a nut on a tree. Crazy funny. But we would all just laugh and enjoy it. He was kind of funny when he was like that. He was always climbing up trees and trying to get a vine so he could swing to another tree. That hardly ever worked, but he was always trying. When he was like that, he was great to be around. Out of the woods, he was miserable. And he would make sure we were too. One day as he was trying to swing from one tree to another, the vine broke and poor old Junior came tumbling down. We all just held our breathe to see if he was alright or not. Well, he was, he laid there for a while and then he jumped up and said bet I scared you

didn't I. Yes, he did. We did like our cousin, most of the time, but definitely not all the time. At home or just about anywhere else except the woods, he was a pain. Playing jokes on us. Making us go a certain way to school. One time he even made us walk a mile out of the way, saying that there was an accident and we needed to go around. Then he later told us that he was just playing. I guess all in all, Junior was an alright cousin. But he did have a couple of bad problems that I don't think mom or dad knew about. One was drinking and the other was smoking. He loved both of those. Never around mom or dad, but out in the woods, he would smoke. Sometimes a lot and then sometimes just a little. I wonder where he would get the money to buy that stuff? He didn't work anywhere. He was with us or at home, I don't know where he got those cigarettes or rum, but he sure got them somewhere. His drinking wasn't as bad. That didn't happen much, usually on a weekend or late Friday night. We never told anybody back then, we didn't want him to get in any trouble. Actually, he was even funnier when he was drinking, falling all over the place. I still think that was why he fell out of that tree was because he had been drinking. He denied it of course, but I still wonder. Our mom had a sister over in Sarasota. One Friday afternoon, her and dad decided to go over and see Aunt Betty and Uncle Al. They told Junior to watch us and they would be back later. Junior was not happy this time. Mom could tell he wasn't happy, but she just looked over it and they left anyway. Well Junior didn't say anything, but boy was he upset. Friday night was his night to have some rum. That night was the night I found out where he was getting the money to get that rum. But now I wish I hadn't.

HYPERBARIC OXYGEN THERAPY

is a treatment in which patients breathe 100% oxygen. This allows the body's natural wound-healing mechanisms, which are oxygen dependent, to function more efficiently.
