## Fun By The Numbers

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

## Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

# AMERICA HOW DO YOU STAND WITH GOD?

America a rich blessed Nation has forgotten God and his laws. The national building block, the family unit has been shattered by divorced, and illegitimacy. Violence is running rampant. Greed, materialism, and immorality are very strong in our society. There is even a lack of shame at our national conduct. America is supposed to be a Christian Nation which other Nations look up to. Our national sins are a disgrace to Almighty God who has blessed us since our great country has begun. God speaks from his word the Bible of a time of famine and desolation when cities will be laid to waste. People will not pay attention to his messages of warnings until the world comes crashing down upon them.

Catastrophic, economic, and major social problems will set the stage for many soon coming events that we all will experience. We are already experiencing devastating weather problems combined with internal financial debts, and civil strife, that will bring our nation to the point of internal collapse. The more we have prospered materially the more our sins have increased. Massive crop failures and new disease epidemics are running out of control. America prepare to meet your God real soon. The problems we are experiencing scriptures call the beginning of Jacob's Trouble.

Wake up America, time is short! It don't have to be this way folks,. All we have to do is repent of our sins and put faith on our Savior, Jesus Christ. Satan is holding all of us in his power. He is pulling us way from God. Can't you see this folks? The closer we get to the end of this age the more sin will increase. Yes we are in a spiritual war; good vs. evil. Which one do you want folks?

## Fun By The Numbers

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

## Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

ANSWER:

# BUDDY JOHN

by *Bumpy Thermos*

## CHAPTER 15

I will admit, for a minute I thought it was over for me and when he pulled my door open, I really started shaking. Come with me he says. He pulls on my shoulder and repeats, come with me. We started walking out in the woods for a little way and then John sits on a downed pine tree. Sit there across from me he says. I was glad just to be alive at this point. Yes, I had known John for a very long time, but what I saw over the weekend made me think maybe I didn't know him after all. He puts his hands together as if he is having a hard time talking, face down and his hands began to shake. He starts off, I am in trouble he says. I am in serious trouble and it's because of this last weekend. What do you mean, I asked. Well, he continues, I had told my dad over the phone that you and I had been such good friends that I had told you everything about us. About where we are from, how we got here, how we are different than anyone else and basically everything about us. But I hadn't told you any of that. Not any. That is why dad didn't hesitate in taking you in as if you were part of the family. Showing how we ate, how we hunt and what we hunt. Well, just as family. I replied that I was really sorry and that I hope that I didn't cause you any trouble. He then told me that I was perfect, well as perfect as you could be. You didn't say anything about how you were clueless. You just went along with everything and had fun. And then he thanked me for that and said, but now my mom wants to have you go off with us to our winter house for a few weeks after Christmas. John, I said, you don't have to worry about me, I am not going to tell anything about what I don't know. But you could tell me now and then I would know. (I intentionally didn't say that I would go off with them for a few weeks, because I didn't know if I wanted to or not.) John lifted his head and said, that is a good idea. But I can't right now because I have to go over everything with mom to make sure what is ok and not ok but give me few days and we will get this done. Great, I said. We gave each other a hug, John said really loud, that's a relief. I knew you would know what to do buddy.
