Nearby is a landscaped spa area. # Fun By The Numbers

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

Level: Beginner

# Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

# Fun By The Numbers

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

Level: Beginner

# Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

### JESUS PREACHED THE GOSPEL DESPITE THE CRITICISM FROM THE SCRIBES AND PHARISEES

Jesus' apostles and disciples had to endure much criticism from the Scribes and Pharisees at that time. The Scribes and Pharisees were experts in the Law. These groups usually worked together against Jesus' teachings. They collided against him on many occasions over many issues. They resented his rejection of the traditions which they kept so carefully. They accused Jesus of breaking the Sabbath by doing good deeds of mercy on that day.

They refused to put their trust in him despite all his miracles. They worked with another group; the Sadducees who thought like they did. Both groups tried to do sway with Jesus. When Jesus preached they didn't know how to act. Jesus' words were far more better than theirs. Jesus had many names and titles but Jesus is used mostly through the Bible and in the Gospels. It means Savior; Matthew 1:21.

#### WAKE UP AMERICA BOB FERGUSON

#### CHAPTER 29

Now that I was the "Warrior", I knew that we had to go through the cave. Before we even got close to the cave, the sweet smell of the fertilizer was getting strong. Big trees with bright orange trunks and long limbs covered the entrance. The twins had already been there and secured the way, but they still hadn't gone into the cave. I knew that was my job. I was the one who had to take them through. It took us a few minutes to work through the trees and bushes. The trees were enormous and the branches on those bushes were treacherous. They wouldn't budge an inch. When you pushed on them, it was like trying to move steel. They did their job alright. They were there to protect the trees and the entrance. The twins didn't have a problem with them, they just jumped over, but the rest of us had to work our way around them. Sure, I could have probably pulled them up, but that wasn't necessary, we could just walk around. Even though I had seen this cave before, it was still amazing; this large black hole in the side of the mountain. You couldn't see anything past the front. Nothing. Just before the entrance on the south side was a long pole sticking out. The pole was a bright red, probably about 20 feet long and had what looked like a switch on the end. Without hesitation, one of the twins reached up and tried to open the switch. Somehow, I didn't think he could flip it so I started laughing when it didn't open. Then the other twin gives it a try. Maybe they had tried it before and it had opened. Who knows? It sure didn't open this time. So, I walked over to the switch and opened it. No problem for me, it's what I do I thought. The switch opened but you still had to man handle the pole to open the set of black bars that were hidden inside the cave. You couldn't see the bars until they were opening. It was just too dark inside to see them before. They opened all the

way up out of site. As I sat the pole down on the ground, I knew that I had to set something on it to keep it from releasing the bars. So, I reached over with my tail and grabbed this big rock that I was sure was used for such a problem. Now it was time to go in. I did know what to do, but I had never done it before. Nothing I was doing was a surprise, at least not yet. But I also knew that there would be the "others" trying to stop us as well as the Rusty. The "others" can easily hide anywhere in the cave, but we would know if any Rusty was around because of the animal Hanson had in his bag. As we are walking through the cave, I get a sense that someone or something was watching us. The twins were all over the place, like they were looking for something. I had no idea where they were. Up ahead or behind us. No idea. Then all of a sudden, I hear the loudest scream right behind me. As I turned around, there stood what I would call a monster. It was a lot bigger than I was and had the biggest vellow teeth that were just about to close in on my neck. I had no idea of what this was, but before I could do anything, the twins jump right up on its back. Both of them are fighting with this thing and are getting thrown around like they were rag dolls. The whole thing did catch me off guard, but it didn't take but a second and I was back. I took that big tail of mine and caught the thing by its tail and threw it all the way out the front of the cave and knocked the rock off the pole. The gates shut down right behind it. I guess my power was stronger than that thing's was, I just had to have a minute to use mine. Those twins saved my life. Maybe that was what Hanson had meant when he said that it would take more than a "Warrior" to get us to the top of the mountain...
