USES/APPLICATION

Safe Haven Defense SW440BR laminate is applied onsite, to the **INTERIOR** of existing windows in commercial, municipal and residential buildings. Unlike traditional BR Glass, no special modifications or retrofitting to existing structure needs to be done. Because our laminate can be applied over **existing glass as thin as ¼ inch, Dual Pane ¼ inch and ½ Inch**, customers achieve the end goal of hardening their structure at a significant cost savings to traditional BR Glass

*existing window must be inspected to be structurally sound. Window must be free from debris and thoroughly cleaned prior to application.
