Our Panels are handcrafted using the finest Claessens® 100% Belgian double primed linen canvas and are dry mounted using an acid free adhesive. We mount to 3/16" or 1/2" Gator Board for those who prefer a light weight, durable panel, or 1/8" Hard Board for those wanting a slim, more rigid panel.

Universal primed linens are made with two layers of titanium white primer and an acrylic binder. These panels can be used with **oil or acrylic paints**.

**Custom sizes are available upon request. Please send us an email at AtlantaArtSolutions@gmail.com, or click the Contact Us Now button at AtlantaArtSolutions.com.*
