

Atlanta Art Solutions proudly offers **Plein Air Art Panels** to artists heading to the great outdoors. Our archival art boards offer a lightweight, portable, and durable surface perfect for the field. These museum quality, professional-grade panels are ideal for use with pochade or wet panel storage boxes.

Our Panels are handcrafted using the finest [Claessens®](#) 100% Belgian double primed linen canvas and are dry mounted using an acid free adhesive. We mount to **3/16" or 1/2" Gator Board** for those who prefer a light weight, durable panel, or **1/8" Hard Board** for those wanting a slim, more rigid panel.

We offer four types of Claessens® linen art panels:

Claessens #166 Double Universal Primed Fine Texture
Claessens #109 Double Universal Primed Medium Texture

Claessens #12 Double Oil Primed Fine Texture
Claessens #15 Double Oil Primed Medium Texture

Universal primed linens are made with two layers of titanium white primer and an acrylic binder. These panels can be used with **oil or acrylic paints**.

Double Oil primed linens are prepared with two layers of linseed oil based zinc primer. These panels are used for **oil painting only**.
