The Advocate House is a Christian Faith Based Program that utilizes Alcoholics Anonymous' 12 Steps and Church. The Advocate House Program is 7 – 9 months.

We have been open since 2012.

This is a typical week at Advocate House.

Monday through Friday we wake up at 6:30 am. We do morning meditation at 7:00 am as a group to start our day right. When each resident comes into the program, they will be on property restriction for 2 - 4 weeks. They are required to complete 28 life lesson assignments. They will be going to recovery meetings 7 days a week. They are required to get a recovery sponsor and work the 12 steps of recovery. They are tracked each week on their recovery work. Advocate House has partnered up with Aspire Family Wellness (a licensed behavioral health center). While in Advocate House all residents will be continuously seen by a primary care physician and receive professional counseling if wanted. Residents are drug tested a minimum of once a week, which is sent off to a lab. After they come off property restriction, they are required to get a tax paying job (they are still required to attend recovery meetings). Lights out is at 11:00 pm.

Once a month we email out monthly individual reports on the residents to all parts of the court system that request one.

This is just a quick rundown of our program.
