

Ain't No Suffering (Where You Go)

Words and Music ©2024 Timothy Carman/Leon Ellis

Ain't no suffering where you go
Even though the people tell you so
It's all a river when you get to the end
Ain't no suffering where you go

Ain't no suffering where you go
Story's different on the picture show
So many things that we don't know
Ain't no suffering where you go

And all this time you worried well
Pictured eternity in hell

Ain't no suffering where you go
Even though the preacher tells you so
All arranged in the human mind
Ain't no suffering where you go

In our history to kill or die
Never ask the reason why
All's the same when the story's told
Shameful thing never gets old

Ain't no suffering where you go
Politics of religion is control
Ain't the same as it used to be

Ain't no suffering where you go
Ain't no suffering where you go
Ain't no suffering where you go
Ain't no suffering where you go
