

Paranoid Mind

Words and Music by Timothy Carman/Leon Ellis

Got my feet on the ground
My head in the clouds
Waiting for something to bring me down
I'm worried
Paranoid Mind

Got my feel on the ground
Head up in the clouds
Waiting for a train to run me down
I've got a worried mind
Paranoid brain
Everybody knows that it's all insane
I'm living in a dream
But I'm waking up in a nightmare

Singing alone
Calming those worries
Mani Hum

Got my feet on the ground
My head in the clouds
Waiting for a freight train to run me down
Living all day in a worried and
A paranoid mind

I wish I could settle down
Raise some chickens
Have myself a hound around
But no
I've got a worried paranoid mind

I used to go outside and play
Now at home is where I always stay
Waiting for the other shoe to drop
And here it comes

I've got a worried paranoid mind
And it ain't fun

If I could I certainly would
If I could I certainly would
If I could I certainly would
But I can't
So I won't

I got a worried and a paranoid mind
I got a worried and a paranoid mind
Well yeah
I got a worried and a paranoid mind
