

## **CLEAR**

Words and Music by Timothy Carman/Leon Ellis

I've been low and I've been high  
Nothing's better than clear  
I've been low and I've been high no no  
Nothing's better than clear

When I used to go away yeah  
I'd go so far and couldn't come home  
Now I'm happy connected to  
The things that I love that are here  
The things that I love that are here

I've been high and I've been low  
But there's nothing better than clear  
I've been high and I've been low  
But there's nothing better than clear

So happy to be here  
So happy to be here  
So happy to be here
