

Back To Zero

Well it's a long way to go
Back to zero
Well it's a long way to go
Back to zero

I'll take my time
But I'll hurry up
I do believe
That I'll have some luck
And it's a long way
Back to zero

If you see me on the streets
How you doing?
The time is close at hand
How you doing?

On my way
To who knows where
Taking my time
Till I get there
But it's a long way to go
Back from zero

Live my life in a fishbowl
On display
Don't get me wrong
Wouldn't have it any other way

Going up
And coming down
Don't matter much
As long as I am around
'Cause it's a long way
Back from zero

'Cause it's a long way
Back from zero
'Cause it's a long way
Long way
Long way
Back from zero
