

## **Every Day**

Words and Music by Timothy Carman/Leon Ellis

I've been shaking like a live wire  
Up and down and in and out of the fire -all day  
Every day

Keep on looking for the answers  
The preacher says- you gotta pay to pray  
Every day

Against the flow down a one way street  
I shuck and live with the people I meet  
Wear my heart on a sleeve to get  
A message to you

Most times I think well I think too much  
Say I'm connected but I'm outta touch with you  
In every way

Everybody loves an expert  
People talking but you can't hear a single truth  
About anything

Robots preaching to the masses  
People hear what they wanna believe  
Keep 'em scrolling so they just don't  
Remember the pain

Tell me the truth -but let me down easy  
The light in your eyes -it's something to see  
They're keeping me busy -going in circles  
What can I do? What can I say?

So they take me to the doctor  
To get some pills -to make it all go away  
Go away

So now I'm busy never feeling  
To be a good boy -I'm sure to obey  
In every way

Stand in line for some more abuse  
Take a number and use any excuse  
I'll be okay cause the same thing it happens to you

Against the flow down a one way street  
I shuck and live with the people I meet  
Wear my heart on a sleeve to get  
A message to you

Tell me the truth -but let me down easy  
I'm going in circles -it's something to see  
The light in your eyes -it's keeping me busy  
What can I do? What can I say?  
What can I do? What can I say?  
What can I do? What can I say?  
What can I do? What can I say?  
What can I do? What can I say?
