

Since You've Gone Away

Words and Music by Timothy Carman/Leon Ellis

I don't know how long I can suffer
I don't know how long I can suffer
I don't know how long I can suffer
I don't know how long I can suffer
Suffer baby
Ever since you've gone away

You make it look so simple
You make it look so simple
You make it look so easy
You make it look so easy
I suffer for you baby
Ever since you've gone away

Take me down to the river
Get me baptized all day long
Take me down to the river
Get me baptized all day long
Never save you baby
Save me from my misery

Gotta get me some salvation
Gotta get me some salvation
Better take me down the crossroads
Gotta get me some salvation
I suffer for you baby
Ever since you've gone away

Take me down to the river
Drop me in the water
Take me down to the river
Drop me in the water
Never ever suffered so much
That you would make me pain

I wish I had my supper
Had my fill
I wish I had my supper
I wish I had my fill
I never suffered for you baby
Suffered like I never will

I suffer for you baby
Never will I carry free
