

## **Atheist Friends**

Words and Music by Timothy Carman/Leon Ellis

All the way down  
Keep our mind away  
Talking in a thoughtless  
Produce the rope we say  
Even though  
The witch is love these days

Woke up this morning with a pain in my head  
I looked around I felt I was dead

I got up anyway  
I was sure it was the end of the day

Look out here it comes  
Don't know  
But I know it ain't gonna be fun

I used to play in the middle of the night  
I had my friends over in sight

And now it started in a serious mess  
My atheist friends are singing to Jesus

The world is upside down and I'm ready to fall  
Thank God I understand it all

The man says the rain will come  
I know I have something I can count on

When it rains I'll go outside  
Get hit by lightning then I will die

All my soul is the raining inside  
Don't need no man to tell me why  
It is

Hope Jesus comes to me at night  
He and his angels they hold me tight

But I awake and then there's need  
And I don't get no relief

I don't ask for a reason why  
But every day I get up and I cry

Oh tell me please where has the world gone  
I'm so confused I know I'm wrong

But then again I know I'm right  
Something tells me It's gonna be fine  
The Holy Ghost has got me now

My atheist friends are singing to Jesus  
I wonder if the world will calm down

I wake in the morning  
With a pain in my head
