

## **Can't Say No**

Words and Music by Timothy Carman/Leon Ellis

I took my plan to the United Nations  
He said son you can't come in  
'Cause you got no reservations  
Back at the ranch  
As I watch my life unfold  
I said hey bartender  
Get me one for the road  
In reality it seems  
I've gotten no place at all  
You see I can't stop drinking  
'Cause I can't say No

Wake up again where the hell am I now  
Same people same places  
And I got here don't know how  
Got an ache in my heart  
And a pain in my head  
Get me twenty worth of liquor  
Though I wanna buy more  
Yeah I get some relief  
But it won't stay so  
You know I can't stop drinking  
'Cause I can't say no.

Glad I found you baby cause you're so much fun  
Cussing and a fighting  
Now we're back on the run  
Up and down and in and out  
And round and round we go  
It's against my nature  
To just go with the flow  
In reality it seems  
I've gotten no place at all  
You see I can't stop drinking  
Cause I can't say no.
