

Sharper Stainless, LLC

Repair Request Form

For Quick Processing:

Instruments **must be clean and sterilized** before shipment. Dirty instruments will be returned to your office for cleaning. Return shipping will be at your expense.

We recommend replacement of worn, broken or old instruments; however, it is ultimately the dental office staff's responsibility to inspect the instruments and assure safe use on/for patients.

- Sharper Stainless, LLC is not responsible for replacing instruments broken during repair. Instrument breakage during repair is rare but unavoidable. Unseen corrosion or cracks weaken instruments and would be considered unsafe for patient use.
- Overdue bills will receive a 3% penalty.
- Carefully package instruments so the instruments don't cut the box, or poke through, during shipment.
- Shipping insurance is recommended, Sharper Stainless is not responsible for lost or stolen property during shipment.
- Please, Include a copy of this form in the package with the instruments.
- Scaler Sharpening is \$4.25 per instrument
- By signing below, you acknowledge that you read and agree to the terms above.
