## PATIENT PORTAL USER AGREEMENT

We are pleased to provide a Patient Portal in partnership with our electronic medical records provider, Nexus for the exclusive use of established patients. The Patient Portal is designed to enhance patient – physician communication. All users must be established by a previous office visit.

We strive to keep all of the information in your records correct and complete. If you identify any discrepancy in your records, you agree to notify us immediately. Additionally, by using the Patient Portal, the user agrees to provide factual and correct information.

**The Patient Portal provides access to the following services:**

- Request appointments
- Request prescription refills
- View your medical records
- Receive educational material
- View current and past statements
- Send messages to clinical staff

**The Patient Portal is not intended to provide internet based diagnostic medical services. The following limitations also apply:**

- No internet based triage and treatment requests. Diagnosis can only be made and treatment rendered after the patient is **SEEN** by the physician.
