

Now, more than ever, understanding your medical risk factors is of utmost importance. RightPath's health screenings are thorough and safe and can help you gain awareness of possible health concerns.

RightPath Health Screenings

Health Standards

RightPath Health Screenings maintains the highest quality of health and wellness standards to ensure our clients are safe. To that end, we commit to the following:

- Our screening environment and equipment are cleaned and sanitized each morning before a health screening event.
- Our staff use appropriate protective equipment to keep you safe. Masks will be worn by staff and clients are encouraged to do so as well.
- Staff use non latex disposable gloves and change gloves between patients.
- Hand sanitizer is available at all screening event sites and within each screening cubicle.
- Equipment and ultrasound probes are cleaned with sanitizer after every use.
- A new pen is provided to each patient to keep upon use.
- Waiting areas are set up to maintain proper distancing between any waiting clients.
- Employee and client temperatures are checked daily as part of our screening services along with the normal blood pressure, pulse and blood oxygen level.
