## Lake County Master Gardeners Present a Webinar with Josh Miller

**Thursday, April 24, 2025 at 6:00pm CT**

Join us for an exciting webinar showcasing the breadth of new plant offerings for 2025, from vibrant annuals and resilient perennials to stunning shrubs and beyond! We'll delve into a curated selection of fascinating plants across all our categories, highlighting their unique characteristics and garden potential. Get a sneak peek at what's new and noteworthy this season, including exclusive introductions and exciting trends. Finally, we'll pull back the curtain on Proven Winners rigorous selection process, sharing an engaging story of how plants are evaluated, tested, and ultimately earn the coveted Proven Winners designation, giving you a deeper understanding of the journey from discovery to your garden.

### Josh Miller Landscape Manager, Proven Winners

Josh offers a unique perspective on Proven Winners products, drawing from his 10 years working on their product development team, trialing and selecting new plant genetics. He was able to leverage his nursery and landscape experience to recommend practical, profitable, high-performance garden plants for North America. In his current role as Landscape Manager, Josh is chief steward of the Proven Winners marketing programs in the U.S and Canada, serving the full supply chain - from commercial grower to the landscape contractor - facilitating sales, technical support, and product education. Josh lives in Michigan with his wife and three children.
