

My journey began at RMIT University, where I laid the foundation for my career, and I later earned a degree in Banking and Finance from Monash University. With years of experience in multinational corporations and publicly listed companies within the securities and financial sectors, I have built a solid track record of expertise.

Currently serving as the Executive Director of one of ASEAN's largest home decor manufacturing companies, I utilize my skills in financial strategic planning, strategic financial management, funding, and business operations to drive growth and innovation. By collaborating with leading industry players and spearheading transformative initiatives, I remain committed to delivering impactful results and fostering meaningful progress

Ms. Chow

Owner and Co-Founder of
Cy Lum Services

My journey began with a Bachelor of Laws (LLB), followed by the completion of my CLP and MBA. After being called to the Bar and admitted as an advocate and solicitor of the High Court of Malaya, I gained extensive experience in SME and corporate financial dealings, as well as commercial and corporate law.

Before establishing my own practice, I served as a legal advisor to listed companies in Malaysia across industries such as manufacturing, food and beverage, real estate, and agriculture. Today, I leverage my expertise in legal and commercial consulting to assist clients in decision-making, negotiation, and successfully closing high-value deals, delivering strategic and impactful solutions.

Mr. Jeffrey (CY)

Associate Partner to Cy Lum Services
Legal Associate at Cy Lum & Associates (Advocates and Solicitor)
