

WatchMyMD Efficiency through Patient Video Education

Eye Care

WatchMyMD.com is a clinician video efficiency program which utilizes a patient video portal to educate patients, create an efficient practice environment, and promote services. The simplified portal platform allows clinicians to upload any custom videos that you create and record on topics that you are routinely discussing.

Here are some suggested video topics:

- Allergies
- Cataracts
- Clinical Services
- Conjunctivitis
- Contact Lens Placement
- Doctor Introduction
- Dry Eyes
- Drop Placement
- Eye Irritation
- Farsightedness
- Floaters
- Glasses vs Contacts
- Glaucoma
- Lasik Surgery
- Lid Cleansing
- Macular Degeneration
- Practice Introduction
- Pre & Post Op Info
- Premium Services
- Retinal Disorders
