# PRESCRIPTION FOR A WORLD IN CRISIS

## Overview of *Global Outlook* Issue #13

**One of the main reasons the world is in so much trouble is that it has been manipulated into a condition of escalating chaos by an elite group of conspirators behind the scenes – ones whom we identify as the Invisible Government, or Global Elites, or the ‘Diaboligarchy.’\***

BY TERRY BURROWS, CONTRIBUTING EDITOR

Their objective is to impose a totalitarian *New World Order* – in which they will be in complete control, with the rest of humanity as their serfs. Who are they? The members of the Invisible Government.

### Three Strategies for Achieving their New World Order

Their main means of achieving this are:

- A) **Military:** the instigation of wars, mainly through their mounting of false flag operations, of which 9/11 is the most recent major example.
- B) **Monetary:** the manipulation of national banking and monetary systems by a private monopoly of banks that control all Western central banks, such as the US Federal Reserve, the Bank of Canada, the Bank of England, etc. but, above all, the Bank for International Settlements (the BIS), which controls, behind closed doors, the economic fate of all nations.
- C) **Medical:** attacks upon populations through covert biological warfare, the most recent arguably being a contrived Swine Flu pandemic.

This issue of *Global Outlook* reviews these three central pillars of the Global Elites’ drive to a totalitarian world government. We propose four main solutions to correct this destructive direction our future is taking.

### Four Steps to Reclaiming Our Rightful Future

- 1) **Re-Open 9/11** and thus expose the entire criminal history of the instigation of unnecessary wars through false flag operations.
- 2) **Implement Direct Democracy** at all levels by adopting the Swiss method of direct voting on all major issues which will then restore to the people, its rightful owners, the power to choose the direction of the future.
- 3) **Enact Monetary Reform Legislation** beginning with abolishing the US Federal Reserve and returning to the people the power to issue and control money and credit.
- 4) **Demand Corporate Responsibility** by reining in the excessive power of transnational corporations, some of whose economies are larger than those of many nations.

**\* In this issue we use the following terms interchangeably: Invisible Government, Globalists, Global Elites, Power Elite, Secret State and the ‘Diaboligarchy.’ They all refer to a network of conspirators attempting to manipulate the politics and economics of the planet in such a way as to form a totalitarian world government.**

# Seven Keys to Understanding and Resolving the Global Crisis

**As we approach 2010, we face a storm of simultaneous crises. These include: Political Chaos emerging from the struggle for power between nations, transnational corporations, and ultra-wealthy individuals; and an Economic Crisis of capitalism threatening a Global Depression. Will we survive this storm? That depends on how we react. Here are seven key parts to understanding how we can resolve some of our escalating problems.**

BY IAN WOODS, PUBLISHER AND EDITOR

In this special issue of *Global Outlook*, we examine why we are facing so much political and economic turmoil in the world today and what we can do about it.

Your editors believe that humanity has been hijacked! We believe that a small cabal of ultra-wealthy and super-powerful persons, pursuing their own selfish interests and objectives, not ours, is deciding our future – from behind closed doors.

These powerful elites act as an *Invisible Government* – pulling the strings of elected politicians around the world to implement their secret agenda. Their plans and procedures are diabolical. Their goal is to snuff out democracy and national sovereignty, replacing them with a totalitarian world government.

Their method is to create a series of disasters, to engender fear in the population, and to propose a solution – a *New World Order*. In this scenario, the *Invisible Government*, the *Globalists*, the *Global Elites*, the *Power Elite*, the *Secret State*, or the *'Diaboligarchy'* (as we call them) will rule the world as fascist dictators. We will be their servants and foot soldiers.

Their covert agenda must not only be exposed, but it must be stopped. This cabal of elites must be disbanded, outlawed and/or imprisoned.

The following are seven key parts to understanding our predicament, plus a series of actions we can take to reclaim our rightful future.

## **Part One – Identifying the Invisible Government and Exposing Their New World Order**

The government we read about and see in the news is *not* the real government. The actual power-behind-the-throne is a well-established network of *Globalists* that hold secret meetings inside private organizations such as the Council on Foreign Relations (CFR), the Trilateral Commission, and the Bilderberg Group. These people seek more and more power, wealth, and privilege for themselves by any and all means.

Their ultimate goal is a totalitarian one-world government – that they run; a world currency – that they control; and a corporately-globalized world – that they (since at least the

time of Hitler) have called a *New World Order*.

Prominent public *Globalists* include: David Rockefeller, George Bush (Sr.), Henry Kissinger, Zbigniew Brzezinski, and certain members of the Rothschild family who seem to think, along with political scientist Samuel Huntington, that there is “*an excess of democracy*” in the world which needs to be suppressed. These elites, and others like them, are the ones leading humanity – over a cliff.

We at *Global Outlook* believe that the *Globalists' New World Order*, already partially implemented, would be a disaster for all but a privileged few. It would be the advent of a *neo-feudal* world empire under totalitarian control by unelected fascists – a scenario described in George Orwell's *Nineteen Eighty-Four* and in the Hollywood films, *Rollerball* and *V for Vendetta*. Discerning who these rogues are and warning the world where they are taking us is the key to halting their malevolently-conceived plans for our future.

## **Part Two – Recognizing Historic Patterns of Deception (Used to Start Their Wars)**

Understanding how we have become dominated by these *Global Elites* requires us to study the twisted world of psychopaths who crave money, power, and control over us. Psychopaths have been able to take advantage of us over the centuries by controlling the activities of governments.

We shall explore their dirty tricks (known as *false flag operations*) used to justify military intervention against their enemies – deceptions they have used to trigger, escalate or support their illegitimate wars and coups. The notion that war is inevitable and only fought for noble purposes of self-defense or the promotion of righteous causes, evaporates with even a cursory review of the history of how and why many of these wars were started, were enlarged, or were justified. The *Global Elites* have used wars – which they themselves have instigated – as blunt instruments to sweep away old orders, create new ones more to their liking and rob others of their natural and/or human resources.

Few of us know about false flag operations and the huge effect they have had in shaping our civilization because

the governments that sponsor them deliberately keep us in the dark. We need to understand and expose these covert operations to prevent our civilization from being further cannibalized.

'False flag ops' and other state-sponsored war-promoting forms of terrorism, have been used to trigger or escalate at least ten major wars since 1776. They include:

1. The American Revolution in 1776
2. The Mexican-American War in 1846
3. The American Civil War in 1861
4. The Spanish-American War in 1898
5. World War I in 1914
6. World War II in Europe in 1939
7. World War II in the Pacific in 1941
8. The Korean War in 1950
9. The Vietnam War in 1964
10. The First Gulf War in 1990

We will be taking a close look at the covert operations which sparked these wars, plus examine 45 other false flag operations that have punctuated history. It is urgent that as many people as possible learn about the nature and number of these history-changing deceptions, and their true sponsors, in order to prevent new ones.

### **Part Three – Was 9/11 a False Flag Operation?**

Part Three is for those still questioning what really happened on 9/11, who have an open mind, and don't trust the Mainstream Media (MSM). Readers examining the contradictory evidence surrounding the official story of 9/11 will see why so many are demanding a new *truly independent* investigation.

### **Part Four – Why So Many Can't See Through the Official Lies**

This section describes the religious and psychological barriers that prevent so many from seeing through the official lies. It will help 'fence-sitters' realize what's behind their resistance to changing their own perceptions, especially about the official story of 9/11. Read how the MSM and most governments are controlled by the Military-Industrial-Complex (MIC) which has a vested interest in keeping wars and insurgencies ongoing around the globe.

### **Part Five – Exposing the Next 9/11**

We believe the 'Diaboligarchy' is planning another 9/11-style false flag operation, to seize even more control. What form will it take? How should we be prepared? If we are unable to prevent it, or to expose the fraud for what it really is, the next false flag operation will sound the death knell for what is left of the remnants of democracy. Martial law is a distinct possibility. Understanding how to react to another 9/11 will prevent us from accepting *their* (the 'Diaboligarchy's') version of events which would play into their nefarious agenda.

### **Part Six – The Invisible Government's Other Strategies**

In Part Six we explore the very real possibility that the current global financial-economic crisis is a false flag operation engineered by the *Power Elite* to seize further control of national monetary systems. This meltdown, accelerated by hyper-inflationary bank and corporation bail-out money, will eventually make national currencies in North America and elsewhere close to worthless. This means an *economic* 9/11, with many more repercussions than the World Trade Center demolition, may well be in progress.

It's important to understand how the *Power Elite* will use this crisis to make the ultimate power grab by promoting a world currency which they will control. We have collected over a dozen pieces of evidence which demonstrate this.

### **Part Seven – A Guide to Surviving the Global Crisis**

Once we understand the true nature of the political and economic problems we are facing, then it's possible to see how we can avert some of these crises. Solutions include:

- ✓ implementing *monetary reform* to rescue each nation from economic disaster; including
- ✓ declaring a *jubilee* which would wipe out the toxic debt held by homeowners; and
- ✓ adopting a *parallel commodity money system* to shield savers from hyperinflation;
- ✓ demanding the use of *direct democracy* so we can individually vote on all issues which affect us; and
- ✓ legislating a *corporate social responsibility contract* to rein in the overwhelming power of psychopathic transnational corporations. (This would include very much needed reform of the mainstream media.)

With these changes, we can avert larger catastrophes that loom ahead.

### **Conclusion**

As our back cover illustrates, your editors see a new awareness of our planet's true predicament growing worldwide. In this special edition, we have assembled a basic compendium of the essential information everyone needs in order to understand why the world is in crisis and what needs to be done to fix it – before we pass the point of no return.

As a movement of millions of concerned citizens, we can expose and dislodge the far fewer so-called 'privileged insiders' we call the *Invisible Government* and their *New World Order* – beginning with re-opening a full investigation into 9/11, their Achilles heel. In our view, these steps are the best ones we can take to achieve global peace – right now – and ultimately attain a more harmonious and positive future for us all.

## *Identifying the Invisible Government and Exposing Their New World Order*

“The real menace of the republic is this Invisible Government which, like a giant octopus, sprawls its slimy length over city, state and nation.”

~ John F. Hylan  
Mayor of New York City (1918-1925)

“Some of the biggest men in the United States, in the field of commerce and manufacture, are afraid of something. They know that there is a power somewhere so organized, so subtle, so watchful, so interlocked, so complete, so pervasive, that they had better not speak above their breath when they speak in condemnation of it.”

~ Woodrow Wilson  
28th President of the United States

“The real rulers in Washington are invisible, and exercise power from behind the scenes.”

# What is the Invisible Government?

BY BARRIE ZWICKER, CONTRIBUTING EDITOR

Also called in this issue Globalists, the Global Elites, the Power Elite, the Secret State or the ‘Diaboligarchy’ (a term I coined in an angry moment), they comprise an Invisible Government – the most powerful network of organizations and individuals in the world. ‘Invisibility’ means they plot and direct events as much as possible from the shadows.

The aims and objectives of the Invisible Government include keeping and increasing their undue wealth, and grabbing benefits and privileges for themselves and their class.

Members seek ever more power in pursuit of these aims – and for its own sake. This requires, finally, seeking ever more control over the destiny of humankind.

Their ultimate goal is to perpetuate themselves, their class, their structures. This should not be surprising. It also is the ultimate goal inherent in all organisms – animal and social. But no other organism is so deadly or so deceitful.

In 1966 Carroll Quigley, the American historian and privileged insider, wrote in his monumental 1,348-page book *Tragedy & Hope: A History of the World in Our Time*:

“The powers of financial capitalism had another far-reaching aim, nothing less than to create a world system of financial control in private hands able to dominate the political system of each country and the economy of the world as a whole. This system was to be controlled in a feudalistic fashion by the central banks of the world acting in concert, by secret agreements arrived at in frequent private meetings and conferences. The apex of the systems was to be the Bank for International Settlements in Basel, Switzerland, a private bank owned and controlled by the world’s central banks which were themselves private corporations.”

Secret agreements reached in secret meetings of the most powerful, using the architecture of banking as a fundamental control mechanism, is not paranoid fantasy. It is fact. The secrecy is integral and essential. To proceed overtly would galvanize all kinds of push-back. From its point of view the Invisible Government has no choice but to operate through covert operations. The false flag operation is their ace card when it comes to the big jobs: starting wars of aggression for territorial gain, control and resource theft, while staging coups to change governments.

**Paradoxically many members of the Invisible Government are well-known. Examples include Dick Cheney and Henry Kissinger. Kissinger was a master plotter in the 1973 coup that removed the democratically-elected Allende government of Chile. It is the exercise of such powers behind the scenes that justifies describing such men – and a few women – as invisible. And most members of the Invisible Government – such as most of the elite bankers – normally maintain profiles low enough**

**to justify describing them as, for all intents and purposes, ‘invisible.’**

Typical members of the Invisible Government are wealthy male psychopaths with little or no respect for ordinary people or democracy, justice, peace, freedom or civil liberties, even though the organizations they so largely control – including legislatures and the media – would have us believe otherwise.

Evidence of the Invisible Government goes back decades. In 1906, when banks were already very powerful and Railway Barons were in the ascendancy, US President Theodore (Teddy) Roosevelt explained:

“Behind the ostensible government sits enthroned an Invisible Government owing no allegiance and acknowledging no responsibility to the people. To destroy this Invisible Government, to befoul this unholy alliance between corrupt business and corrupt politics, is the first task of the statesmanship of today.”<sup>1</sup>

Before his death in 1919 Teddy Roosevelt again warned about the Invisible Government:

“These international bankers and Rockefeller-Standard Oil interests control the majority of newspapers and the columns of these papers to club into submission, or drive out of public office, officials who refuse to do the bidding of the powerful corrupt cliques which compose the Invisible Government.”<sup>2</sup>

From the time of Sumer, human societies have almost always evolved in the direction of being ruled by oligarchies – first of religious cliques, then of monarchs, latterly of corporate oligopolies. When not under the usual thumb of oligarchs, society has been ruled either by outright dictators or by some form of democracy. The default seems to be oligarchy, where those driven by a desire for power, rather than service, claw their way to the top. Such networks of the most powerful either control or bump off dictators. If democracy has evolved, the networks corrupt it through various pressures including bribes, direct meddling in the political process and, when necessary, bumping off elected presidents. The assassination of John F. Kennedy is a most stinging case. This pattern of serial oligarchy – orchestrated by the Invisible Government – must be recognized and replaced if humanity is to survive the current and growing multi-dimensional crisis.

The Invisible Government

# *What Organizations Comprise It?*

## *Here are a few of their numerous organizations*

**The Council on Foreign Relations (CFR)** is the most influential foreign-policy think tank in America, if not the world. Its sister organization in Britain is Chatham House, formally known as the Royal Institute of International Affairs, based in London.

Chairman Emeritus is Peter G. Peterson and Honorary Chairman is David Rockefeller. Members include past Presidents Bill Clinton, George Bush Sr., Jimmy Carter, Gerald R. Ford, Richard Nixon, Dwight Eisenhower and Herbert Hoover.

The late Carroll Quigley (President Bill Clinton's mentor), who was Professor of History at Georgetown University and member of the CFR, stated in his book, *Tragedy and Hope*: "The CFR is the American Branch of a society which originated in England, and which believes that national boundaries should be obliterated and a one-world rule established."

Rear Admiral Chester Ward, a former member of the CFR for 16 years, warned the American people of the organization's intentions: "The most powerful clique in these elitist groups have one objective in common – they want to bring about the surrender of the sovereignty of the national independence of the United States. A second clique of international members in the CFR comprises the Wall Street international bankers and their key agents. Primarily, they want the world banking monopoly from whatever power ends up in the control of global government." The current president of the CFR is Richard Haass.

The CFR, founded in 1921, is located in Harold Pratt House on Park Avenue, NYC

**The Trilateral Commission** is a private organization, established to foster closer cooperation between the United States, Europe and Japan. It was co-founded in July 1973 by David Rockefeller who was Chairman of the Council on Foreign Relations at that time and Zbigniew Brzezinski foreign policy advisor in 1968 to presidential hopeful Hubert Humphrey. Members include: Joseph Nye Jr., Paul Volker, Henry Kissinger, John D. Rockefeller, Alan Greenspan, Bill Clinton and Jimmy Carter, representing the very elite of finance, industry and government.

Today it consists of approximately 300–350 private citizens from Europe, the Asia-Pacific region and North America. It exists to promote closer political and economic cooperation between these areas, which are the primary industrial regions in the world.

Sen. Barry Goldwater wrote in his book *With No Apologies*: "In my view, the Trilateral Commission represents a skillful, coordinated effort to seize control and consolidate the four centers of power: political, monetary, intellectual, and ecclesiastical. ... What the Trilateralists truly intend is the creation of a worldwide economic power superior to the political governments of the nation-states involved. They believe the abundant materialism they propose to create will overwhelm existing differences. As managers and creators of the system, they will rule the future."

Home of the Trilateral Commission founded in 1973

Hotel de Bilderberg, Oosterbeek, the Netherlands. Scene of the first Bilderberg Conference in 1954

**The Bilderberg Group** is an unofficial, annual, invitation-only conference of around 130 guests, most of whom are persons of influence in the fields of politics, business, and banking mainly from the US and Western Europe. The group meets annually at luxury hotels or resorts throughout the world – normally in Europe, and once every four years in the US or Canada. According to the club rules, the members agree not to disclose anything discussed. Because of its secrecy and refusal to issue news releases, the group is frequently accused of secretly attempting to decide the fate of the world.

The 2009 conference took place from May 14-17 in Vouliagmeni, Greece. Participants included: David Rockefeller, Chair of President Obama's Economic Recovery Advisory Board Paul Volker, US Treasury Secretary Timothy Geithner, US National Economic Council Director Lawrence Summers, World Bank President Robert Zoellick, European Commission head José Manuel Barroso, Queen Sofia of Spain, Queen Beatrix of the Netherlands, NATO's Secretary General and editor-in-chief of *The Economist* John Micklethwait.

According to veteran investigative journalist and author Daniel Estulin ([www.Bilderbergbook.com](http://www.Bilderbergbook.com)) who received a leaked 73-page meeting wrap-up for participants, it looks as if the Bilderbergers are planning the economic meltdown we are currently witnessing, but they can't decide whether to oversee a long period of economic stagnation or to quickly sink the economy with a rapid depression: "The hardliners, led by people like Kissinger, are for dramatic decline and a severe, short-term depression" to achieve their goals.

# Some Members of the Invisible Government

**Although many members of the Invisible Government are hidden from public view, the seven conspirators shown here are prominent visible members of the Global Elites who are secretly trying to consolidate the ongoing plans for a New World Order.**

## THE EDITORS

These seven men (and many other *invisible* powerful elites working behind-the-scenes), are trying diligently to build a new global system. It would be composed of puppet nation-states, ruled by an oligarchy, using a one-world currency controlled by a private monopoly of bankers. What little there is left of democracy would be crushed, as would the last remaining human rights and civil liberties. All this is proposed in the name of gaining ‘peace and security.’ However, their version of ‘peace and security’ means keeping an eye on everyone and everything, everywhere, and at all times. Those who don’t cooperate will be labeled ‘terrorists’ and dealt with.

This is not some conspiracy theory. Increasingly, the concept of “New World Order” is being used by world leaders as the solution to our economic and political problems (ones we the editors of *Global Outlook* believe they deliberately created in the first place).

For example, at the April 2009 G-20 meeting in London, one newspaper headline read: “Obama Hails the New World Order.”<sup>1</sup>

**Gordon Brown**

**Gordon Brown**, The British Prime Minister who hosted the G-20 Summit came right out and said it: “Today’s decisions, of course, will not immediately solve the crisis. But we have begun the process by which it will be solved. I think a New World Order is emerging with the foundation of a new progressive era of international cooperation.”<sup>2</sup>

One of his cabinet ministers added ... “A new world financial order has been born, almost by accident, because of this crisis.”<sup>3</sup>

**Robert Zoellick**, President of the World Bank was also in attendance. Zoellick is not only a member of the CFR, and the Trilateral Commission, but he attended the annual invitation-only conferences of the Bilderberg Group in 1991, 2003, 2006 and 2007. At the G-20, he described his thoughts:

**Robert Zoellick**

“If leaders are serious about creating new global responsibilities or governance, let them start by modernizing multilateralism to empower the WTO, the IMF, and the World Bank Group to monitor national policies.”<sup>4</sup>

There’s no question Mr. Zoellick was talking about

taking some significant steps toward world government by increasing the powers of the major international financial institutions (IFIs). But the question is whether this form of world government would be totalitarian or democratic. In other words, who would be the ones imposing those regulations on sovereign nations?

As one esteemed group of federalists said back in the early 40s:

“If totalitarianism wins this conflict, the world will be ruled by tyrants, and individuals will be slaves. If democracy wins, the nations of the earth will be united in a commonwealth of free peoples ...”<sup>5</sup>

The term “New World Order” was first used by Woodrow Wilson just after World War I in reference to the League of Nations. Nowadays, the phrase usually refers to a totalitarian system of world governance run by a powerful, yet secretive group similar to the Council on Foreign Relations, the Trilateral Commission or the Bilderberg Group (defined earlier on p. 9).

\* \* \*

## How the Invisible Government Architects Define “New World Order”

**George H.W. Bush**, 41st President of the United States and former Director of the CIA re-introduced the term after the Cold War in a 1990 address to Congress entitled, “Toward a New World Order.”

**George H.W. Bush**

“[The war in Iraq is] a rare opportunity to move toward an historic period of cooperation. Out of these troubled times ... a New World Order can emerge.”<sup>6</sup>

He explained it further: “It is a big idea, a New World Order, where diverse nations are drawn together in common cause to achieve the universal aspirations of mankind: peace and security, freedom and the rule of Law. ... The world can, therefore, seize this opportunity to fulfill the long-held promise of a New World Order, *where brutality will go unrewarded and aggression will meet collective resistance.*”<sup>7</sup>

The wolf’s agenda was presented here in sheep’s clothing. Bush’s own brutality and aggression in launching the First Gulf War on Iraq two weeks prior to that speech were not questioned, despite the outright lies and deceptions he used to justify it. (For details see p. 48.)

Shortly after that, in 1992, Bush said to the General Assembly of the UN, “It is the sacred principles enshrined in the United Nations charter to which the American people will henceforth pledge their allegiance.”<sup>8</sup>

# ... and What They Say About Their New World Order

Henry Kissinger

**Henry Kissinger**, former Secretary of State under Presidents Richard Nixon and Gerald Ford, and CIA Director George Bush's key man behind the CIA-led coup in Chile (September 11, 1973) described how it would be accomplished:

"Today Americans would be outraged if UN troops entered Los Angeles to restore order; tomorrow they will be grateful! This is especially true if

they were told there was an outside threat from beyond whether real or promulgated, that threatened our very existence. It is then that all peoples of the world will pledge with world leaders to deliver them from this evil. The one thing every man fears is the unknown. When presented with this scenario, individual rights will be willingly relinquished for the guarantee of their well-being granted to them by their world government."<sup>9</sup>

**David Rockefeller**, banker, statesman and Globalist gave his thanks to the mainstream media for their support in helping build the New World Order in 1991:

"We are grateful to the *Washington Post*, *The New York Times*, *TIME Magazine* and other great publications whose directors have attended our meetings and respected their promises of discretion for almost forty years. It would have been impossible for us to develop our plan for the world if we had been subject to the bright lights of publicity during those years. But, the world is now much more sophisticated and prepared to march towards a world government. The supranational sovereignty of an intellectual elite and world bankers is surely preferable to the national auto-determination practiced in past centuries."<sup>10</sup>

Ominously, he predicted, "We are on the verge of a global transformation. All we need is the right major crisis and the nations will accept the New World Order."<sup>11</sup>

**Zbigniew Brzezinski** was National Security Advisor under President Jimmy Carter, co-founder of the Trilateral Commission and is the author of *The Grand Chessboard*.

Zbigniew Brzezinski

When asked about the future of regionalization of the world, he is widely quoted as saying:

"This regionalization is in keeping with the Tri-Lateral Plan which calls for a gradual convergence of East and West, ultimately leading toward the

goal of one-world government. National sovereignty is no longer a viable concept." He is currently a foreign policy advisor to President Barack Obama.

David Rockefeller

**Baron Jacob Rothschild**, the head of the Rothschild Family is a descendent of the famous Mayer Amschel Rothschild (1744-1812), who established a worldwide banking and finance empire and is well known for his remark: "*Let me issue and control a nation's money and I care not who writes its laws.*" His offspring have become fabulously wealthy as bankers to rulers and a hidden force behind most major political events of the last two centuries.

The Rothschilds rarely appear in public. Their web presence is carefully laundered. But a rare peek behind the curtain was given on September 23, 2002 when billionaire investor Warren Buffett escorted and introduced American actor Arnold Schwarzenegger to trillionaire Lord Jacob Rothschild, at the Rothschild estate of Waddesdon Manor, Buckinghamshire, England. Schwarzenegger was subsequently elected Governor of California on October 7, 2003.<sup>12</sup>

This is how the Invisible Government cultivates and selects future leaders who, in turn, are then obliged to those who elevate them, rather than to those who elect them.

\*\*\*

We, at *Global Outlook*, believe the conspiratorially developing totalitarian New World Order would be a disaster for the world community and we support all democratic efforts to expose it and to stop it. Our common future should not be decided behind closed doors by people that need to be protected by armed guards. Instead, we advocate a future that will be positive, just, and life-affirming for all Planet Earth's inhabitants.

## Writing the Wrongs

BY IAN WOODS

The main reason why I started publishing *Global Outlook* was to write about the wrongs of 9/11. It was a huge hoax that had to be exposed. Others agreed. Barrie Zwicker and Terry Burrows became our Contributing Editors. Jennifer Kueneman and Lea Gilboe became our Executive Assistants. Here we are eight years later with this 296-page 'blockbuster' issue thanks in no small part to some *very* generous donors who kept us alive.

*Global Outlook* is a magazine like no other: no advertising whatsoever in the first 270 pages of the magazine; each article formatted so that readers can photocopy them easily without having to cut and paste tail ends; no compromises made with advertisers about content. We say whatever we need to say, do whatever we want to do, in order to get the truth out. We have a loyal following of subscribers and customers who urge us to press on, despite the odds. So we carry on *writing about the wrongs*.

I have watched the movie *Gandhi* a dozen times or so, even downloaded the transcript of the movie off the web to read. I believe he was a truly remarkable patriot. It takes quite a mind to overthrow an empire, especially the British Empire, and he did it. I was inspired by his saying that you needed a paper to unite a movement. So whenever I had my doubts about *Global Outlook*, I thought about Gandhi and how he used his newspaper to unite the Free India Movement which became a catalyst for liberating India.

Thomas Paine was another hero I learned from. What I love about Paine was that he and his fellow patriots also threw off the so-called, invincible British Empire. Without Paine, the American Revolution may not have happened. We hear a lot about Benjamin Franklin, George Washington, John Adams, Thomas Jefferson, James Madison, Alexander Hamilton and Patrick Henry. But you don't hear a lot about Thomas Paine. He was the man that tilled the fields and planted the seeds of discontent in the minds of the American colonists, so that when push came to shove, the majority of the fence-sitters jumped off on the right side of the fence to support the revolutionaries.

Patriot Mahatma Gandhi  
(1869 - 1948)

Thomas Paine was an Englishman who hated the British system and fled to America to seek a new life. When he got there, he had letters of introduction from Benjamin Franklin for a job at a printing company where he worked the presses and eventually the copy. In his free time, he went to the pubs

and drank in the company of the American colonists who were full of complaints about the British Empire. Paine began to write about these gripes in a series of pamphlets, the 13th of which was called *Common Sense*.

In the days of the flatbed press and distribution only by ship, horse and buggy or by hand, to sell 150,000 copies or more was phenomenal. So, in 1776, during the turbulent days of the rising discontent, *Common Sense* became the bible of the revolutionaries, spelling out in simple language all the good reasons why the colonists should throw off British rule: *Why should a tiny island in the North Sea rule a huge continent 100 times its size? Why should the British tax the hell out of the settlers when offering nothing in return, except Redcoats?*

It all became clear after the first shots were fired at Lexington. All the colonists who had read or heard of *Common Sense* knew on which side of the battle they were going to fight.

Without that kind of support, I don't think the founding fathers could have pulled off the American Revolution. That's why I admire Thomas Paine as one of the greatest, but least known, patriots of the last three centuries.

My hope with *Global Outlook* has been, from the outset, to expose the official story of 9/11 as a *huge lie*. It was (and is) a false flag operation perpetrated upon us by greedy psychopaths whom we call the Invisible Government (or Global Elites) who are pushing their so-called New World Order.

Thomas Paine and Mahatma Gandhi brought the 'real facts' (as Abraham Lincoln called them) to the colonists of America and the people of India, respectively. As a result, those informed changed the course of history by throwing off British Rule. We want to do the same thing, but instead by throwing off the *covert rule* of the Invisible Government and reversing their drive towards a totalitarian world government.

I encourage all who read this issue to give it to those who do not yet recognize the existence of the Invisible Government, the New World Order, false flag operations and 9/11 Truth – that is, to the skeptics or fence-sitters amongst us – as they are the ones who need to be convinced, so we can reach a critical mass of opposition.

When a majority of us believes the truth about these things, we will be able to rewrite history and set the planet back on course to fulfill its potential. Then we'll see all the cockroaches scurrying for cover and the true patriots dancing in the streets. ■

Patriot Thomas Paine

## NYC CAN: A Ballot Initiative For a New 9/11 Investigation!

**Over 67,000 New York City voters have signed a petition “to create and fund a NYC Independent Commission with subpoena power to conduct a comprehensive and fact-driven investigation of all relevant aspects of the tragic events of September 11, 2001.”**

BY TED WALTER (JULY 4, 2009)

A truly historic and unprecedented campaign to establish a new, independent, impartial investigation of 9/11 is taking place in New York City. This public referendum drive, sponsored by the *New York City Coalition for Accountability Now* (NYC CAN), will enable the voters of New York City to create a thorough and comprehensive investigation that will follow the evidence wherever it may lead. Given the well-documented omissions and distortions of the federally sponsored 9/11 Commission – and its declared unwillingness to hold any individual or agency accountable for the government’s failure to protect its citizens on the morning of September 11, 2001 – the voters of New York City are now petitioning their local government for the formation of a new investigative Commission.

Just recently, a milestone was reached on June 24, 2009. NYC CAN submitted 52,000 signatures of registered NYC voters to City Hall – 22,000 above the minimum requirement of 30,000 needed to submit a referendum to New York City Council for its placement on the November 3, 2009 municipal election ballot. Moving forward, NYC CAN aims to collect 80,000 signatures by the September 3, 2009 deadline, surpassing the number of signatures needed to override City Council’s possible veto of having the referendum placed on the ballot. If we can achieve that number by then, the referendum is virtually guaranteed to be on the November 3rd ballot. Millions of New Yorkers will attend the polls on that day to vote in the mayoralty race and several City Council races. A vote in favor of the referendum will be received as an overwhelming and decisive mandate for the formation of an independent, impartial, subpoena-powered Commission.

Upon placement on the 2009 ballot and passage by the voters of New York City, the petition will amend the New York City Charter, and therefore, will have the force of law behind it. The new Commission will have the authority to put witnesses under oath and will have subpoena power. As with any legally recognized investigation, if a witness lies to the Commission under oath, he or she will be guilty of perjury. If it is discovered that crimes have been committed, a special prosecutor can then be appointed to render indictments. Finally, this Commission will issue a report detailing the findings of its rigorous, evidence-based investigation.

The commission could investigate the environmental disaster caused by the attacks and the subsequent false statement by EPA Director Christie Todd Whitman which caused harm that will be felt for decades. The Commission also intends to pursue remedies to alleviate hardships faced by First Responders, local residents and employees in the area of Ground Zero who have suffered terrible health effects and financial loss as a consequence of their exposure to the toxic dust that blanketed that area of Lower Manhattan.

The NYC CAN petition proposes eight highly respected individuals, all of whom have agreed to serve as Commissioners, and by majority vote they will elect other individuals to fill the remaining seven positions on the Commission.

The eight appointed Commissioners are as follows:

**Dr. William Pepper**, Attorney, Author of *An Act of State*  
**Lorie Van Auken**, 9/11 widow and Representative of the 9/11 Families

**Lincoln Chafee**, former Senator from Rhode Island

**Mike Gravel**, former Democratic Senator from Alaska

**Thomas Gumbleton**, Roman Catholic Bishop

**Dr. Edgar Mitchell**, Apollo 14 Astronaut

**Ralph Schoenman**, Political Scientist

**Ed Asner**, Actor, fmr. President of the Screen Actors Guild.

Working with an investigative staff, the commissioners will call on experts, whistleblowers, and first-hand witnesses to gather a comprehensive body of evidence. The investigation will culminate in a full report detailing its findings.

NYC CAN is comprised of and supported by many of those whose lives were most directly affected by 9/11. Currently, NYC CAN’s Executive Council consists of 9/11 Family Members Donna Marsh O’Connor, Bob McIlvaine and Jean Canavan, First Responder Edith Beaujon, and Survivors Janette MacKinlay and William Rodriguez.

Together, the Executive Council members are reaching out to other members of their respective communities to gain support from what will eventually be thousands of 9/11 Family Members, First Responders and Survivors.

### Why a Ballot Initiative?

A ballot initiative is based on the most fundamental principles of democracy, the opportunity for citizens to petition their government to enact new policy and legislation. A large

percentage of the voting public does not realize that, in addition to voting candidates into public office, their rights as voters extend to proposing and passing laws by way of public referendum. Collecting enough signatures of registered voters to place a referendum on the local ballot can allow citizens to directly affect the course of political events when they feel an issue is not being addressed by their elected representatives.

Succeeding with any ballot initiative is a complex political process requiring the involvement of citizens, a variety of organizations, and interfacing with the local political and legislative apparatus. NYC CAN has determined that for an independent investigation to materialize, it must collect a grand total of 75,000 signatures, and it must mobilize hundreds of volunteers and create alliances with

dozens of organizations towards informing millions of New Yorkers about the power they have to realize their wish for an impartial investigation of 9/11. **After all, in the wake of the 9/11 Commission's failed investigation, a 2004 Zogby poll found that 66% of New Yorkers want a new investigation.** NYC CAN strives to empower the two-thirds of New Yorkers who believe that countless questions about 9/11 remain unanswered to this day.

NYC CAN puts forth no conclusions about the events of 9/11. The petition is predicated upon the belief that an independent, impartial investigation has yet to take place. The 9/11 Commission's own bipartisan Chairmen, Governor Thomas Kean and Representative Lee Hamilton, have stated the Commission was, "set up to fail." The 9/11 Family Steering

## The Journey to 35,000 from the Eyes of a Petitioner

BY LES JAMIESON

The journey to 35,000 signatures as of April 26, 2009 has been remarkable and uplifting. A dedicated group of individuals has given countless hours and withstood every kind of difficult condition. A handful of committed group members began collecting signatures in the cold of winter as far back as February 2008. Gradually, more joined the effort. Many people even petitioned on their own and mailed in the signatures they collected. We endured many challenges, tried various approaches, and tested several different locations.

We dealt with a whole range of reactions from indifference to appreciation. Perhaps the two most frequent reactions of people who do not immediately agree to sign the petition are, "Why do we need a new investigation?" and "9/11 is old news. We need to move on." [See ps. 176-177, FAQs #1 & #13 for some answers.] We operated with limited funding, yet, a core group remained steadfast in the belief that this was a campaign whose time had come. It is indeed the culmination of nearly eight years of research and activism by hundreds of thousands of people around the world who question the findings of the 9/11 Commission.

Despite seemingly insurmountable obstacles and doubts from those who believed we could not succeed, just enough volunteers were driven to do whatever was necessary to bring about an independent, impartial investigation. Supporters came from New Jersey, Hartford, Boston, and Western Massachusetts to join us in our petitioning effort.

Just as there were many challenges, there were also many reasons to have hope. We knew that if we kept working hard, at any moment things could change for the better and the right people would be attracted to the campaign. Well, they did. Extraordinary people came forth whose drive to establish a new investigation was indescribable. They understood that to accomplish something great, they would have to be willing to operate beyond their comfort zone. They would have to be willing to talk to many thousands of strangers and to respond with understanding and compassion to those who most opposed our mission. They knew that they would have to put in the time and effort regardless of how bleak things may have looked, because there was no way to know when breakthroughs would happen that would enable us to succeed. So we kept on.

By early summer we began to receive funding from sympathetic individuals attracted to the concrete opportunity a ballot initiative presented to establish a new investigation. With some funding we were able to hire several skilled petitioners. With the excellent organizational ability of a few key members, we had some days when we brought in over 1,000 signatures. This experience showed us what funding could do. In late July 2008, we began counting signatures, which also required many hours of administrative work to check all the petitions, sort and count them, and put them in binders. We were still unsure if we would reach the goal, but soon saw we had over 20,000 with more coming in daily. Within a few weeks we got to 25,000, then 27,000. Within striking distance, we did what it took to reach 30,000. We hit our initial goal by September 8 in time for the 7th Anniversary of September 11. On that solemn day, we held a very special Press Conference with legal advisor William Pepper, former member of Congress Cynthia McKinney, family member Chris Burke and Pastor Frank Morales.

The months-long effort took so much out of all of us. But it was unquestionably worth it because of what NYC CAN represents to so many around the world. We met many great people who recognized the need for a new 9/11 investigation and thanked us for doing what nobody else here was willing to do. Many of these people were directly affected by 9/11. Either they had lost loved ones, lost their job, or lost their health after having breathed the toxic air. These people were grateful and uplifted by the act of signing the petition and promoting the initiative in whatever way they could.

Rejuvenated and re-energized by resting through winter months, we are now back on the streets. We collected 5,000 more signatures in the last two weeks of April, pushing us over the milestone of 35,000 signatures. As remarkable as our journey has been, we believe it is only the beginning.

– Les Jamieson, 9/11 Truth Activist, New York City

Committee submitted 400 questions of which only 30% were addressed. Many whistleblowers hoped to testify before the 9/11 Commission, but went unheard, while whistleblower testimony from Sibel Edmonds and eyewitness testimony from William Rodriguez was omitted altogether from the final report. Esteemed author and researcher, Dr. David Ray Griffin, identified 115 “omissions and distortions” in the 571-page *9/11 Commission Report*. These all underscore the need for a new investigation to take place in order to address the still unanswered questions about why the events of 9/11 were able to transpire.

**Moving Forward**

Now that NYC CAN has eclipsed 67,000 signatures, it is marching full steam ahead towards getting 80,000 signatures by the end of August. NYC CAN’s ongoing success is the tangible result of the hard work and dedication of hundreds of thousands of people around the world. Thanks to their commitment, determination, and ingenuity, 67,000 New Yorkers have enthusiastically signed the petition. This would not have happened without their efforts.

NYC CAN’s effectiveness at petitioning has progressed to the point that our highly skilled, professional petitioners collect nearly one signature for every dollar spent. NYC CAN has built an impeccable signature gathering machine and the funding is pouring in from all over the country. So it looks like we will be able to collect the additional 13,000 signatures by the deadline. If that is the case, then we can be guaranteed that our question will be on the November 3 ballot. (Note that by September 3, 2009, the New York City Council has to complete their review of NYC CAN’s petition, at which point the Board of Elections will be notified to put the referendum on the November 3, 2009 ballot. ... Keep your fingers crossed!)

What can you do? From September 3 onwards, until November 3 we will be canvassing all New York City residents to vote YES for a new investigation into 9/11 in the municipal election. We will need your help to persuade eligible NYC residents to get out and vote in favor of our resolution. There are many ways to do this: If you live in New York, contact us for leaflets to hand out, rallies to attend and just generally get the buzz out there about our issue.

If you live outside New York, you can donate money to the printing of literature by going to our website: [NYCCAN.org/donate.php](http://NYCCAN.org/donate.php) or emailing us at [info@NYCCAN.org](mailto:info@NYCCAN.org) to get the latest information to forward to your family and friends who live in New York City so they know what’s happening and the importance of this issue. If we stand together, united as one, we will make history.

We may never get another opportunity. There is no indication that the federal government or any local governments will act to conduct an independent and impartial investigation of 9/11. However, New York City CAN. The vehicle is NYC CAN (.org).

Volume 1 of the "Greatest Crime of All Time" series from *Global Outlook* is the result of many years of collective efforts to expose the truth and lies about 9/11. In it, *Global Outlook* has pulled together all the best articles from back issues #1 through #10, from 80 different contributors, over a four year period (2002-2005), into one dynamic compendium. "This book will open more than a few eyes, that's for sure! Let's hope it gets into the right hands," says editor Ian Woods. Contributing editors include author Barrie Zwicker and 9/11 researcher Terry Burrows. This is not only a key reference manual for all 9/11 Truthers, but it is also a new tool that can bring fence sitters into the movement.
