

## Director's Corner

Hi Gang,

Summer is coming to an end and the days are gettin cooler.

Keith & Vickie are back on three wheels after being hit at a roundabout. Their new trike looks awesome as you can see on page 1.

Mike & Andie also have a new ride they are enjoying as well!

The whole Eagle Wing community, the old GWRRA, and the Spyder community have lost one of their most loyal and dedicated members this summer.

Nelson “Wingnut” Ault died at work on August 30. No matter how big or small the gathering, when you saw his trademark “Wingnut” hat you knew you were in the right place! See it in his photo on page 14.

Nelson was always the first to arrive and never missed a chance to ride his Spyder and was just showing off his new stripes he added. He loved his family and that included his dogs. Before leaving an event he would say that he had to get home to the “kids”. He will be missed by everyone that knew him.

We rounded out our summer with a cookout at Robert & Angela’s and their “scary” mystery ride, our Marietta Sternwheel camp out, and our covered bridge ride too.

Check out our fall schedule on page 10, it’s loaded! See you down the road!

Your Director,

*Ron Good*
