

Visibility & Weather

- Summer storms can appear suddenly; keep an eye on the forecast
- Afternoon glare requires quality eye protection
- Increase following distances on hot days—braking distances lengthen
- UV exposure adds up; protective gear is your shield

Road Conditions

- Heat softens asphalt; gravel and tar snakes become hazards
- Increased traffic during summer travel season demands heightened awareness
- Tire pressure rises with temperature—check pressures when cool

Summer riding is about “SUSTAINABLE” enjoyment: the kind that lets you ride again tomorrow, next month, and for years to come.

Safe Travels!!!
