

## Director's Corner

Hi Gang,

Hope everyone had a nice holiday season. Marilyn and I spent more time in the hospital than with family this Christmas but all is well and 2026 is a whole new year.

Speaking of family, in the last few issues of our newsletter, I've

shared my proud grandpa pictures of Addy's first rides. Her little sister Iyla loves to pretend she's a rider too.

Well let's just say motorcycles are in their DNA, especially the Honda Goldwing! Here's a photo of their mother, Bria, sitting on her Grandpa's Goldwing.

Her grandpa lived in Colorado and would take Bria for frequent rides down Estes Parkway. I can't compete with that, but I plan on sharing many beautiful rides with Addy, and someday Iyla too! I'm proud of all three of my girls (and Marilyn too). Everything really is better on a Wing!

Your Director,

*Ron Good*
