## About Us

Tax Technology Partners Inc. is a dynamic firm committed to reshaping the tax landscape through innovative technology solutions tailored for enterprises. We specialize in delivering cutting-edge tools and platforms that empower businesses to navigate complex tax challenges seamlessly.

## JOB SUMMARY

This position is responsible for all Vertex Tax Technology implementation phases or ongoing customer support, including ERP integration. This includes performing functional project planning / operational client functional support. This would consist of functional requirements definition within Vertex environments coupled with the financial application, system configuration, testing, knowledge transfer, and development of customer documentation. This role has accountability for delivering project deliverables supporting the deployment of Vertex tax technology products and ongoing VERTEX and ERP integration.

This role requires knowledge of ERP/Financial and Vertex, including experience integrating Vertex with ERP/Financial applications, etc. The position may also require effectively identifying and delivering tax process solutions and other value-added services.

## ESSENTIAL JOB FUNCTIONS AND RESPONSIBILITIES:

- Functional ERP knowledge
- Knowledge of ERP business process flows is required (preferably SAP, Oracle, Microsoft, Workday, etc.)
- Vertex functional implementation and support experience desired
- Knowledge of the Tax technology business processes
- Independently manages and ensures all phases of projects and operational support, including review and analysis of client requirements, solution design and build, testing, and providing client support as needed, is accomplished.

- Ability to manage multiple projects and tasks, work in a team environment and take ownership of being self-directed for project, support, and customer needs.
- Exercise sound judgment to manage the day-to-day client relationship and expectations.
- Responsible for maintaining a high degree of customer satisfaction
- Ability to adapt and function effectively in a fast-paced, changing environment while working under deadlines.
- Effective time management skills
- Solid analytical, presentation, troubleshooting, and design skills.

**EDUCATION AND TRAINING:**

- Bachelor's Degree in a Business-related discipline
- Seven (7) plus years of experience in implementing and supporting Vertex projects
- Tax Technology certification a plus
- Has in-depth tax application experience working with public accounting firms and Fortune 1000 companies in transaction tax (e.g., multi-state/VAT).
- Or an equivalent combination of education and experience

If you are a results-oriented with a passion for technology, we invite you to join Tax Technology Partners Inc. To apply, please submit your resume and a cover letter outlining your relevant experience and why you are excited about this opportunity. We look forward to welcoming an Account Manager who will contribute to the continued success of Tax Technology Partners Inc.
