

MAGIC TIME YACHTING

Introduction

Our Luxury Hanse 470 is ready for your next awesome yachting adventure, as we travel across the globe delighting our Cruising and Regatta Racing Guests to enjoy time on the water with your Family and Friends. This season we have competed in some Corporate Racing in The Solent and some Family Cruising along The Jurassic Coast. Magic Time has just finished the Royal Ocean Racing Club Offshore Series which completed with The World Famous Fastnet Race in July 2025

The Yacht was awarded “The Seamanship Team Trophy” for attending a man overboard mayday call, and co-ordinated a major air and sea rescue mission in The Irish Sea. A 72-year-old man was air-lifted to safety and Magic Time were commended for their electronics and radio work, being the only boat able to pick up the emergency signals

In late September, we head south to the sunshine and winds, travelling down to Las Palmas, to enter The ARC Atlantic Race in November 2025 which finishes in Grenada. We then prepare Magic Time for the Caribbean Regatta Season which runs from January to April 2026

Come and join us on one of the week-long passages down south, or how about taking the ultimate sailing challenge and cross The Atlantic with Magic Time in November. We are very skilled at creating a customised adventure package to suit your needs, your experience and your timings

TECHNICAL

NOBLE MARINE YACHT INSURANCE

Magic Time is fully covered for cruising and regatta yacht racing around the globe. Noble has 30 years of Marine Insurance and has supplied a comprehensive cover for the yacht and her charter guests. The policy includes £10m public and employee liability cover for all passengers

IIMS CHARTER CODING & COMPLIANCE CERTIFICATES

The International Institute of Marine Surveying has granted Magic Time with a 5-year operating License from 2025, for yacht chartering. The process includes Hull and Rigging Surveys and confirms an extensive range of personal safety equipment, signalling electronics, man overboard procedures and life rafts

YACHT HULL & RIGGING SURVEY FOR 2025

During 2025, Adrian Stone Yacht Surveyors undertook a full yacht construction and safety report for the hull, keel and rudder, rigging, mast and interior structures. This successful compliance review report enabled the Insurance and charter coding to be completed. Magic Time is an extremely solid and reliable vessel, ready to commence her worldwide chartering adventures

RAYMARINE ELECTRONICS

For 2025, over £65,000 has been spent on new electronics and re-wiring, fitting the latest Navigation and Safety equipment. Touch screen chart plotters in the saloon and the cockpit, a range a data screens for the helm and crew plus three maxi mast repeaters for regatta racing. A new VHF radio, AIS, EPHIRBS and a Radar system to compliments the extensive range

CRUSADER SAIL WARDROBE

For 2025, over £80,000 was invested purchasing a new set of black regatta racing sails, including a giant orange Asymmetric Spinnaker. The Main carries two reefs with a single-handed reefing system and the Genoa remains as a roller headsail that can easily be reduce in size. Magic Time also has a tougher white sail set of cruising sails which is ideal for The Arc Race in November. There is also a brand-new set of dayglo Storm Sails for charter coding compliance

SPARCRAFT RIGGING & HALYARDS

In 2025, the yacht standing rigging were replaced, so forestay, backstay and all shrouds. The six spreaders were removed and end fittings replaced. Deck eyes, coach pins and all bottle screws are also brand new. The main halyards and reefing lines have also been replaced with best quality 12mm Dynema racing rope

Let's discuss how we can personalise your Racing Charter. Maybe you are a beginner group and need to learn how to sail, along with our commercially endorsed Yachtmaster Skipper and his first mate who is a qualified sailing teacher or perhaps you are already a racing team looking for Bareboat Charter on Magic Time

RACING CHARTER

CRUISING CHARTER

Our Cruising Availability all depends on where you can find Magic Time around The Globe, so best to give us a call and discuss our Calendar. There is always opportunity to book a cruising week or join us for a delivery between regattas. As we head over to The Caribbean this season, we will have some amazing cruising opportunities between The Islands, such as Barbados to Antigua in January 2026
