

Introducing the New Pro-Nox® Enclosed Locking Cart

Secure. Sleek. Streamlined.

The trusted Pro-Nox® Nitrous Oxide Delivery System just got even better — now available with an enclosed, locking cart designed for enhanced safety, stability, and professional presentation.

Key Features & Benefits

Enhanced Security: Locking door enclosure with 2 keys prevents unauthorized access and abuse.

Streamlined Design: Compact 15" base width, clean enclosed look, and easy to maintain.

Improved Mobility & Stability: Four heavy-duty locking wheels ensure smooth and safe positioning.

Integrated Convenience: Built-in handle, basket, and E-cylinder holders. Compatible with Nitrous and Oxygen regulators, 3 ft DISS hoses, Active/Passive Scavengers, VeinViewer® Flex, and Pro-Nox® Patient Circuits.
