PRESS RELEASE: JANUARY 29, 2024

OFFICIAL TAKE OUR BORDER BACK CONVOY UPDATE

It has come to our attention that there are individuals and groups actively spreading disinformation and lies about the Take Our Border Back Convoy. We have been informed that groups are forming to infiltrate the convoy to disrupt and start problems within the convoy and at the border itself.

We have three official destinations, all of which are posted on TakeOurBorderBack.com. Although you may have heard others share misinformation through various online sources, we must direct you to the only accurate information which can be found on the website at <https://takeourborderback.com/>

Please also take note that nowhere on the website does it say anything about the convoy going to the border. **THIS MISINFORMATION SHARED ONLINE IS INACCURATE AND UNTRUE.** The locations are cities and towns in Southern border states. **NONE** are directly on the border. It is **NOT OUR INTENT**, nor was this information ever stated on the website or shared publicly by any of our six team members since the inception of this idea.

This is a peaceful assembly of Americans from all political classes and ethnicities who will be praying for an end to the immigration crisis. Please be aware that anyone who takes a different route or breaks free from the East Coast or West Coast convoys other than what is posted on our website is not sanctioned by this event and is considered unaffiliated with the Take Our Border Back Southern Border Convoy & 3-state Rally. Please be aware of the routes for the destination you are traveling to, so that you are not misled by nefarious groups. Please **DO NOT** seek any route information from online sources other than our official website:

<https://takeourborderback.com/>

All infiltrators, provocateurs, or disrupters will be reported to law enforcement authorities and our legal team and handled at their discretion.

May God guide us to make a positive impact.

God Bless You!! God Bless America!!

Take Our Border Back Convoy Steering Committee Team
