

Dear Members:

The Chamber is pleased to announce new and affordable advertising programs which will help deliver your message to potential new customers in both the Chamber E-newsletter ("Chamber News") and online on the Chamber's website at www.pahrumpchamber.com. This is your chance to get your company in front of thousands of business professionals and people throughout Southern Nevada and the Pahrump Valley through the Chamber's website and e-newsletter options! The Chamber offers a variety of low-cost and free promotional opportunities that are available exclusively to members, to help our members reach new customers, expand their audience, promote an event, raise awareness about an initiative, and more.

Chamber's Website:

The Chamber's website is a high traffic (130,000+ reach) resource for Pahrump Valley businesses, including tools like a searchable business directory, calendar, Hot Deals, Chamber news, event information, and more. By advertising on our website, you'll market your business to the Chamber's growing membership and expand your reach to the many other individuals who visit the site daily.

E-Newsletter Ads:

Advertising in our e-newsletter is our newest and soon to be the most popular promotional option among our membership. Sent every week to more than 2,000 Chamber members and business leaders across Nye County and Southern Nevada, an e-newsletter advertisement is an effective way to market your business, events, initiatives, and more directly to other businesses. And your ad can even include a link to your business website or social media page (see advertising information for more details).

View the attached advertising packet for more details about each of the Chamber's promotional options.

Sincerely,

A handwritten signature in black ink, appearing to read "Jenney Sartin". The signature is fluid and cursive, with a large initial "J" and "S".

Jenney Sartin, CEO
Pahrump Valley Chamber of Commerce

What to Expect with Chamber Advertising

Congratulations! You just took the first step toward securing more customers through chamber advertising. We are glad you're considering it.

The chamber is the voice of business for the community. By making this investment in your business, you are now being seen by a new group of potential customers.

One of the things that makes chamber advertising so effective is that community members often see chamber businesses as well-established, community-oriented, and reputable. Advertising with us shows a strong alliance with your business and the chamber. According to various studies, businesses associated with the chamber are also seen as having better products and services than non-chamber members.

Now that you know the benefits of being affiliated with and advertising with the chamber, let's go over what you can expect.

TYPES OF CHAMBER ADVERTISING: CHOOSE THE ONE THAT WORKS FOR YOU

You know your business better than anyone else. Is your ideal customer online? Or maybe she is a busy mom who's out and about in the community? Wherever your ideal customer is we have a form of chamber advertising that can help with that and get your customer's attention.

Before selecting one of our types of advertising, it's important to think about who you're trying to reach. Below, you will find some of our most popular types of advertising as well as who it might be ideal for:

- Event sponsorships: if you're considering an event sponsorship, we can provide details about the types of participants who attend the event. Each event attracts a slightly different crowd. So if you tell us who you're looking to reach from a demographic perspective we can help you find an event that will get you in front of that market.
- Website ads: our website generates a lot of traffic each month. We can give you specifics to the type of groups we're most popular with. The chamber offers ads on our website as well as custom options like direct website links for your business. This is an ideal investment if your potential customers are active online.
- Newsletter ad placement: we publish a chamber newsletter once a week. It goes out to 2000+ people. And that list is always growing as we actively market the Chambers and are growing.
- Print Publications ad placement: We have a variety of advertising options in print, the annual Chamber magazine, "FOCUS", the Pahrump Valley area map and our digital version of the Chamber's Magazine.
