

# AKC REUNITE DISASTER RELIEF

## TRAIL PROGRAM

### **A program that assists local Emergency Management planning and response to help people and their pets.**

AKC Pet Disaster Relief helps communities across the country be prepared to keep people with their pets during disasters. This donation program provides local Emergency Management teams the crucial supplies needed to set-up safe sheltering options for its citizens' pets during an evacuation. No longer do pet owners need to risk staying harm's way. With AKC Pet Disaster Relief, people can have a safe place to take their pets.

### **Help us bring AKC Pet Disaster Relief Trailers to Wisconsin and Central Illinois.**

We invite you to support our upcoming fundraisers by donating gift baskets, raffle items, or monetary contributions. Your generosity will help make our event a success and directly benefit our cause. Legacy is not built on what you earn. It is built on what you give. And, real impact is measured by action.

Every contribution, big or small, is greatly needed.
