

The sale will be Saturday, March 28, 2026 at 1pm. We used a variety of sires this year. LARSON ANGUS had 3 main sires: True North, Woodhill Comstock, and LAF105(Accomplishment). All have strong maternal traits and should be cow making bulls. We believe that good cows will make you great calves. HINNERS family used Gibson and LAF209(Justified) who are also good maternal bulls. HERMSTAD's used their good herd bulls that were obtained via our prior sales. We are completing genetic testing for them so you will know the sire. MH 31, MH 32 and LAF 241 were the primary sires who are all calving ease and have good cows behind them. The minimum bid for bulls will be \$3500. The bulls have a freeze brand, magnet, foot rot shots, and will be semen tested and scanned prior to sale day. Please call if you have questions (712)260-6144 for Jim or Marcia, Marc Hinnens (712)299-7911 or David Hermstad at (712)334-0217.

### LAF501 AAA 21308307

True North son out of a Patriarch first calf Heifer 303. Her dam is our Stellar 020 cow and she is a pathfinder who has raised some amazing heifers including the 203 heifer who produced last year's top bull (LAF401). If you want a bull that has some good cows behind him, this is one to look at. LAF501 weaned at 503lbs and weighed 702 when the bulls were put together. He has a calving ease direct of +12. **He is a heifer bull.**

### LAF509 AAA 21297855

This bull is a True North son out of a Stellar cow (110). This bull is solid with a really good young cow behind him. She has produced two heifers previously who were keepers and showing their worth. Her daughter has the 505 bull on the sale who is also a solid bull. Docility is a trait that we aim for with our herd. LAF509 has a docility score of +27. He will also give you some good cows with good teats and udders as well as good feet. 509 weaned at 616 lbs and continues to have a consistent gain. **Heifer Bull**

## 2026 LARSON ANGUS BULL SHEET

### LAF522

AAA

**21308497** is a Comstock bull out of a nice

Southern Charm dam (917). She is the mother to the bull we held back last year for cleanup (LAF420Dynamic). Another bull with traits for Certified Angus Beef production. He will add good maternal traits to your cattle and also to your pocketbook. He has a CED of +6. **He is a Heifer with Discretion bull.**

### LAF524

**AAA 21238686**  
A bull sired by  
LAF105

(Accomplishment) and a Patriarch dam (203) who raised our LAF402 bull last year. We have found that LAF 105 has made some nice cows. LAF105's mother (933) was out of a extremely productive pathfinder cow (033) for us. LAF524 shouldn't be any different as he will add good maternal genetics. His granddam (020) is a pathfinder and is one of the top cows in our herd. **He is a Heifer Bull.**

Hermstad's bulls are out of their registered herd bulls. We are in the process of gathering DNA to provide you with additional information about their sires. This should be available soon. Most of the bulls will be able to be registered but all will be documented with American Angus Association.

**HB31\*** is a MH 31/32 son out of a 11 year old cow sold to the Hermstad's by Jim. Unfortunately, she can't be registered but may be a LAF120(Cedar Ridge) dam. We plan to test the bull to see if we can determine parentage. This bull has been a standout since birth. 1<sup>st</sup> wt was a week after weaning and he registered 844lbs at 222 days. He was provided access to creep feed while on the cow also. **He is a Heifer Bull.**

2026 LARSON ANGUS BULL SHEET

**HB 302** Is out of a herd bull MH31/32 and a Cedar Ridge dam (LAF 302). She is 12 years old and a productive pathfinder cow that Jim sold to the Hermstad Brothers. There are several good dams behind this one. **He is a Heifer Bull.**

**HB531\*** Is out of LAF241(LAF120Cedar Ridge) and a 10-year-old Stimulus dam (LAF531). While she can't be papered she has proven herself over the years. **He is a Heifer Bull.**

**HB833** Bull out of MH31/32 and a Black Granite dam (LAF833). There are some good cows behind this bull. His granddam (LAF133) is a pathfinder who raised several good calves or Jim Larson. **He is a Heifer Bull.**

**HB840** is an early April bull out of MH31/32 and a Diverse cow (LAF840). This dam is out of the LAF302 cow owned by Hermstads. She was 12 years old last year and continues to produce for them. She has produced some very good cows with a lot of longevity. **He is a Heifer Bull.**

## 2026 LARSON ANGUS BULL SHEET

**HB855** is a bull out of MH31/32 and Black Granite cow (LAF855) that Jim sold to the Hermstad Brothers. This guy is solid and will make good cows. Her bull last year was one of the top bulls and this guy appears to be up there too. **He is a Heifer Bull.**
