

Sale will be at Dave Hermstad's farm as in the past two years. The bridge on the Webb Road from HWY 71 and the one directly north of his house are out. A detour is needed via the road by Greenville east to Gillette Grove and then south to B53. The red heart is Jim Larson's farm for reference. **Don't take the detour suggested by google that uses the gravel by Goat Hill.**

#### Sale Process:

- Viewing of the bulls/heifers will begin at 10am (Bulls minimum bid is \$3500)
- Complimentary lunch before the sale
- Bulls kept at no added charge until June 1, 2025 (payment due upon delivery of bull to your farm)
- Heifer minimum \$2300- payment due sale day.

#### LOCATION OF SALE:

4747 240<sup>th</sup> Ave Webb, IA 51366  
(East of Jim's farm at Dave Hermstad's) Webb Road bridges are out so alt route will be needed.

#### About Sale:

Yearling bulls and heifers sold by Jim Larson and partners Tom Young, Marc & Drew Hinners, and Greg & David Hermstad.

Larson Angus  
Farm Annual  
Bull/Heifer  
Sale

March 29, 2025,  
at 1pm

We aim to raise cows that will provide even disposition but positive growth for your herd.

## Good Bulls Produce Good Cows

Our goal for the past 50 years was to create animals that would make money for the commercial man. We use genetics to breed for docility, calving ease, and growth. We hope that the animals we have raised will also help you achieve success for your herd. We have never been about the show ring. Some of the best cows are the ones that give their all to their calves year after year and get bred back on time. **Larson Angus bulls are raised without creep feed as we want to see what the cow can do to raise a calf.**

**The people we meet are why we are still in business.**

We will have a complimentary lunch provided prior to the sale. This is a thank you for your continued business and a chance to reconnect with our customers. Marcia's pies are worth the trip in itself.

---

*We are intent on managing a closed herd to help prevent the spread of disease. Through the use of AI and over 50 years of managing, we can offer healthy ready-to-work animals that will improve your herd.*

---

**We welcome visitors to check out the animals prior to the sale.**

Please feel free to give us a call if you want to come to view the animals or talk about them. Jim can be reached at (712)260-6144 or Marcia (712)260-6145. Marc Hinnert and the Hermstad brothers can also be contacted to arrange a time to view the bulls.

**LAF401 is a Dynamic bull out of a Justified 1<sup>st</sup> calf heifer. Weighed 826lbs at weaning with no creep feed. He weighs 1365 at 11 months.**

We strive to offer quality animals that will work for you to develop quality cattle.

### Weights and Semen Checks

Our plan is to do ultrasound and semen testing on March 17<sup>th</sup>. We feel that this is important as we won't sell you a bull that isn't going to be able to get his job done. This data will be posted on our website as soon as it is available. We will weigh the bulls again on March 15<sup>th</sup> as well.

We hope to see you sale day!
