

Jim has spent over 50 years developing his herd. He is a strong believer in finding good bulls that will make good cows, since they are the center of our herd and having good cow traits will ultimately make you good calves.

Sale Process:

We will utilize the same format as in years past:

- Viewing of the bulls/heifers will begin at 10am (Bulls minimum bid is \$3500)
- Complimentary lunch before the sale
- Bulls kept at no additional charge until June 1, 2025 (payment due upon delivery of bull to your farm)
- Heifer payment due day of sale with pick up soon after sale as arranged.

LOCATION OF SALE:

4747 240th Ave Webb, IA 51366
 (East of Jim’s farm at Dave Hermstad’s) Webb road bridge is out so alt route will be needed

401(Dynamic) out of a Justified 1st calf heifer. He weighed 77lbs at birth and 826lb at weaning (7 months of age).

Good Bulls Produce Good Cows

As most of you know, the heifers we raise are difficult for Jim to part with. The heifers this year were sired by Tehama Patriarch, LAF209(Justified), Dynamic, and Gibson. We will decide which heifers will sell in the next couple months but should have at least 6 to sell. We ask that the heifers are picked up shortly after the sale. Payment is due sale day. Give Jim a call if you would like to come see them prior to sale day.

The people we meet are why we are still in the business.

We love having a chance to re-connect with those of you that have purchased animals or have been to our sales. It is always a special day when we get a chance to meet new people who share the same ideas about raising quality cattle.

We are intent on managing a closed herd to help prevent the spread of disease. Through use of AI and over 50 years of managing, we can offer healthy ready to work animals that will improve your herd.

We welcome visitors to check out the animals prior to the sale.

Please feel free to give us a call if you want to come view the animals or talk about them. Jim can be reached at (712)260-6144 or Marcia (712)260-6145. Marc Hinnens and the Hermstad brothers can also be contacted to arrange a time to view the bulls.

LAF415(Dynamic) out of a Stellar cow (020) who is the grandmother to the LAF401 bull. Weaning weight of 786lbs.

We strive to offer quality animals that will work for you to develop quality cattle.

Weights and Semen Checks

We will send out additional Newsletters in February and March with final weights for the bulls. Our plan is to do ultrasound and semen testing on March 15th. We feel that this is important as we won't sell you a bull that isn't going to be able to get his job done.

Bulls are out of Dynamic, Gibson, Justified, Patriarch, and a variety of LAF bulls (LAF209(Justified), LAF839(Diverse), and LAF105(Accomplishment).

We hope this letter finds you all well. Happy New Year from the Larson Family.
