He said there is no right or wrong way to fix the roads just needs to be done correctly .Jack Kutcha submitted documents to uphold his thoughts on the road repair. To resurface Howard Pond Road it would be \$1,222,108.00 according to Jack. A Bond could be used but would have to be paid off before more work could be done for repair. Howard Pond Rd would be sectioned off in 3200 ft sections. Only 143,000 in budget for roads, if 25,000. Is added every year, could possible do a project every 5 years. Frank suggested keeping Rick on for a consultant. Rick thinks Jack's project cost is very high.
