## Educating Others

This year STAR House has launched a series of social media posts to help support the bond between caregivers and their children. Follow us on social media for more supportive content.

## The Importance of Self Care as a Parent

If you're a parent, chances are you might find yourself struggling to find time for self-care.

But it's worth your time (and your child's time) for you to take care of yourself!

Relaxing isn't just for kids.

Parents need self-care too!

## Like and Follow

Like and follow us on Facebook, Instagram, and LinkedIn to stay up to date on all things STAR House!

Parent self-care is important. Too much stress can lead to withdrawal, depression, and anger. Your mental health affects your child! Unchecked mental health symptoms can lead to insecure attachment styles and to your child's own mental health problems.

## Join the Launch Committee:

As we come closer to the goal of opening STAR House in late 2023, we would like to invite you to be a part of the process. The board and strategy committee are currently searching for team members to join the Launch Committee. The committee will work together to complete a plan and execute tasks such as policy and care protocol creation, inspections, staff recruiting, gathering material items, and much more. If you would like to join this team at this exciting time, please reach out to Becki: [becki@starhousemn.org](mailto:becki@starhousemn.org)

Can you be a  
STAR to brighten  
a child's day?

The closer we come to opening STAR House, the more community support we will need. Now is the time to act to make a difference, and help push STAR House past the finish line! From \$1 to \$1,000,000, we greatly appreciate anything you can contribute. Please consider a one time donation or set up a recurring donation.

Will you help us create a place of safety and support for families of young children in Ramsey County?
