Do you plan on breeding? (Yes/No/Undecided) Buyer agrees to test the puppy in the NAVHDA NA Test: Yes No

North American Versatile
Hunting Dog Association

AMERICAN
KENNEL CLUB

We only sell puppies to hunting homes with preference given to people wanting a dog for breeding stock and who agree to follow the guidelines of SMCA. Our puppy buyers must agree to evaluate their puppy using the NAVHDA system of testing before the puppy is 16 months old. CM Hunt Kennels accepts a limited number of applications for each litter and we help the puppy buyer select the puppy that best fits their lifestyle and personal preferences.

Once an application is accepted we contact prospective buyers regarding the progress of the planned breeding and we have our fertility vet do an ultrasound to confirm the female is pregnant 30 days after she is bred. Upon confirmation of breeding a deposit of \$500 will reserve your puppy. Regular updates are put on CM Hunt Kennels Facebook page or sent via email to prospective buyers during the pregnancy and during the 10 weeks we have the puppies at our home. All of our puppies are micro-chipped, have their first shots and worming are evaluated for conformation and temperament by us and one or more the SMCA Breed Council Members before they are released to their new owners.

We pay to register the puppy with NAVHDA, and the AKC-SMCA as well as offer a six year health guarantee regarding genetic defects that would prevent the puppy from functioning as a hunting dog. Our puppy buyers receive a free year's membership to the SMCA and we also pay for a year's membership to NAVHDA. Puppies we sell will go to their new homes having already been exposed to people of all ages, other dogs, and pets, water, dog crates, gunfire, birds, etc. We release our puppies to their new owner(s) at 10 weeks of age. Each of our litters is planned and genetically calculated in advance for the improvement of the breed and our breeding program. We sell to only responsible owners and utilize the "Breeding Restriction" registration offered by NAVHDA and the AKC registries. All of our puppies are sold with the understanding that CM Hunt Kennels retains the first right of refusal should the new owner not be able to provide their dog with a home at any age. Refunds for puppies or dogs returned to us are at the discretion of CM Hunt Kennels and refunds are based on the age and condition of the dog when it is returned to us. The price of our puppies of hunting/breeding quality is \$2500(including your \$500 deposit) based on the proven hunting ability and pairing, cost of breeding (A.I. or cover breeding) and the cost of stud fees/importing semen. We charge the same amount for a male or female puppy. Our purchase price includes the health guarantee and training advice from us for the life of the dog. The puppy must be paid for before or when the puppy is picked up OR before we will ship you a puppy. The Buyer is responsible for the additional cost of shipping which includes the health certificate, crate, other supplies and any additional costs.

We look forward to working with you and your puppy from CM Hunt Kennels.
