

Diagnostic Prelims Smart Test Series - Batch 5 – 10th Feb' 24

A robust and *almost* fail proof **110-days rigorous mentor guided** program with a **solid revision plan**.

The Test Series ensures a **thorough revision** of each and every module **3 times** before the exam as depicted below.

Once you prepare a topic and take the first test, **first round of revision** will be in **4 weeks**, and **second round of revision** will be after **1 month** after the first revision. And the **3rd and 4th round of revision** in the form of Full-Length Tests in April and May.

Also, since Current Affairs holds a very important place in this examination, separate tests focusing on month-by-month basis with 3 rounds of revision is incorporated in the test series.

CSAT preparation has also become crucial in the prelims preparation especially after the 2023 Prelims exam. We are introducing 8 tests in the test series to make a robust assessment of CSAT for focused preparation.

After every round, the mentors will ensure that all the weak points are identified and fixed so that we are war ready on the day of the exam.

Additional tests will be provided for an extra round of revision for subject(s) that need(s) a little more fine-tuning and revision to perform better in the final exam.
